\* Nolas to his progress report on Dec 23/11 - Tom O'Leary  
verbally ~~stated~~ informed Pearson

\* progress report at  
~~meeting~~ filed by Dec 23/11

→ Pearson spoke to Tom O'Leary

6 AFIs on Dec 16/11 answered today

\* don't know when they will get Mar 39

\* MHI determined reliability was in issue - September <sup>letter</sup>

significant to  
MHI report

- systems integration MHI - asked for AFIs
- proposed to hold by end of November
- MHI by end of November - further AFIs
- reply today not all completed yet and will not be completed till end of month.

date of agreement  
issue of reliability

MHI will raise  
concern in report

Andy - lack of information  
He thinks it is key.

162 - November 2010 - Feb entry on November 10

No info in between

X

Chair of sub - nothing has changed / no improvements

\* independence, completeness, contact

(2)

Anti Report originally scheduled to be filed in mid-September

Anti report - limitations, restrictions, qualifications

① leads to timely response from Nalcor -

② leads to further info -

③ do of less support base for technical person and public consultations -
