It was a pleasure.Hope our chat helps.

MF is a great deal.Hydro power forever for us at stable rates to keep us warm and the power we don't need is exported to provide us with \$600 million per year on average and with Gull power still available for future deals .

Minister Marshall,

I wanted to thank you again for meeting with me and express my thanks to you for giving me some no doubt invaluable advice on the practice of law.

I regret not to have been able to discuss things more to your interest at the moment. I did take my head out of the sand long enough to hear that you reached a deal on regarding the Muskrat Falls portion of the Lower Churchill.

Best Regards,

Adam Crocker
