Subject: scope of work MHI review
Date: Monday, April 9, 2012 8:02:46 AM

Gilbert... Ed asked us to hold off on the MHI scope of work while he worked it with the Province. Have you heard anything on this since? Can we touch base with him today to see if there has been any progress? If we don't help progress the scope it will be done in isolation of us, which might result in the review reflecting MHI's original proposal as opposed to what is actually needed.
