Jim, that's a little more reassuring!

Any thoughts on timing and how/if we can help? Just let me know.

Paul

Paul

I should have added that its "all under control". The province used Ziff to do a report on LNG. We had used PIRA. In a public forum, its better to use a 3rd party to dismiss.

We will work with Ziff so they understand our NG opportunity or lack thereof.

Jim

Further details to follow...

Government says Ziff Energy has been commissioned to study natural gas, in order to inform Muskrat Falls debate.

Regards

Colleen
