By June 7th there will an independent report from Ziff Energy regarding both LNG and piped gas options. Ziff would have a draft ready for review by the middle of May.

We will not have a report here per se, but we will have a series of commentaries that may find their way into blogs and letter to editor. Target is to have these written by the end of the week.

Jim

Ed is seeking clarification on what is going to be available by June 7th 2012 to inform the debate on MF. Can you pls let me know what the scope of the Natural Gas and LNG reports are and when are those reports going to be complete and issued

Thanks Paul
