Please see re-drafted final paragraph as per discussion with DNR. Otherwise, no changes.

We would be remiss however if we did not express our concern about your comments in the media yesterday. They do not provide a balanced view on the extraordinary efforts we have made to supply information to the Board. Nalcor wants to ensure that the process and final PUB report is both balanced and a fair representation of the information presented. We trust that the foregoing will provide a better understanding of Nalcor's firm commitment to the review process by the Board.
