Subject : Coordinated Reveiw of LCP Joint Review Panel Report

Mark;

The Department of Natural Resources is formally requesting a meeting to discuss select recommendations from the JRP Report on which our respective departments have been engaged. As time is of the essence, I am requesting that the meeting occur this week and include representation from the following:

Natural Resources Canada

Justice Canada

CEAA

Natural Resources NL

Justice NL

Environment and Conservation NL

If a meeting cannot be arranged, then a call between our Ministers will have to take place if we are to meet our review schedule. I have copied the respective NL Deputy Ministers to this message.

Charles
