Hi Charles, just checking whether the Minister or Department have publicly indicated that Ziff Energy have been retained. Can you confirm? Thanks.

I'd recommend you at least make a call. you don't have to share. They gave Liu the info knowing full well it was going into a public report.

I assumed that would be okay. I will have that conversation with them today if you think it necessary, - don't know how else to make the point that the operator wishes to maintain the optionality to use the Whiterose gas for EOR, without referencing the discussion. This is a basic assumption of the critics which needs rebuttal.

Have you cleared with husky your references to data and conversations in the pipeline report?
