I don't disagree but there are two matters to be addressed in the briefing. One Nalcor and one NR.

There's lots of #!@! going on and I'm confident we can pull this together. Let's move forward together.

75 min.

Ed feels compelled to lay out the level of work we did....and I understand his perspective on it.

This tells a good story but its long. We have to do this and a presentation on MHI? How much time has been allotted for the briefing?

Charles... Ed asked that you give this a quick review before we send it to the communications folks. We recognize it is a bit long but are trying to balance length with depth. If you are ok with it can you pls. share it with the Minister? We'd like to give it to the Premier tomorrow. Let me know if you have any comments or pls. give me a green light when it is ok to pass along to communications. They are asking for it. Thanks

Brian Crawley
