- (b) Hydro will create and fund a Supplemental Executive Retirement Plan (SERP) to provide supplemental retirement income to the Executive in accordance with the following provisions.

Definitions

- (i) "Term of Employment" shall include the period of actual employment commencing at the commencement date and includes any period of absence for any reason whether with or without pay, unused vacation entitlement and any period in lieu of notice with the term expressed in years, months and days.

"Spouse" shall have the same meaning as that contained in the Public Service Pensions Act, 1991, as at the date of this Executive Employment Agreement.

"Surviving Spouse" shall mean the spouse of the Executive who is alive at the time of death of the Executive and the Executive has not, in writing, expressed a contrary intention as to the person he declares to be his spouse.

"Child (or Children) of the Executive" shall mean a child (or children) of the

- 6 -

Executive who is alive at the time of death of the Surviving Spouse and who is under the age of eighteen (18) years, or under the age of twenty-four (24) years while in full-time attendance at a recognized school or post-secondary institution.

- (ii) Hydro, upon termination of employment or expiry and non-renewal of the Executive's Contract of Employment, or such other events of termination such as are specified herein (excluding death of the Executive) shall cause to be paid to the Executive annually a pension being a sum equivalent to 2% of the Executive's best year base salary plus 2% of the Executive's best year annual incentive bonus times years of service included in the Term of Employment with any incomplete years being prorated on the basis of completed months with the last month, if incomplete, being deemed complete if the Executive's Term of Employment end date exceeds the 15th of the month. The amount so calculated is herein referred to as the SERP payment. Such amount to be paid in twelve (12) equal monthly instalments on the first of each month from and including the month immediately following the end of the Term of Employment to and including the month in which the Executive dies and shall be paid without any setoff or deduction by Hydro unless otherwise specified herein.
- (iii) In the event of death of the Executive, Hydro shall pay to the Surviving Spouse, or, in the event there is no Surviving Spouse, or the Surviving Spouse subsequently dies, the Children of the Executive, an annual payment equal to 60% of the SERP payment to be paid in twelve (12) equal monthly instalments on the first day of each month commencing the first day of the month following the date of death of the Executive up to and including the death of the Surviving Spouse or the last Child of the Executive has reached the age of 18 years (or the age of 24 years while such Child of the Executive is in full-time attendance at a recognized school or post-secondary institution).

- 7 -

- (iv) The SERP payment shall be indexed and increased annually in accordance with the CPI rate of inflation for Canada, commencing on the anniversary date of the initial instalment of SERP payments as provided for herein.
- (v) In the event of disability causing a leave of absence that exceeds six (6) months with no evidence of imminent return to work, this Employment Agreement may be terminated by either party as provided for in clause 15 hereof in which event the Term of Employment shall be deemed to be five (5) years and the SERP payment so triggered will be adjusted to deduct from the payment any amounts received through or from the Long Term Disability insurer after the Term of Employment and such payments shall be made to the Executive as per 13(b)(ii) above, provided however, that this clause shall not affect survivor benefits to the Surviving Spouse or a Child of the Executive.
- (vi) The Executive acknowledges that the SERP payments contemplated arise on termination and are not intended to form part of "total compensation" during employment, but are payable as part of stand alone pension compensation payable once the termination / expiry provisions of this Employment Agreement are fulfilled.
- (vii) In lieu of the SERP payment to which the Executive is entitled pursuant to this Agreement, the Executive may elect at or about the date the Executive becomes entitled to such payment, to receive the SERP benefit in an actuarially equivalent alternative payment that is acceptable to the Executive and Hydro as provided below in clause 13(b)(viii).
- (viii) On the date to which the Executive is entitled to the SERP benefit or as soon as the commuted value has been established in accord with this Article 13, he

- 8 -

may elect to receive as a lump sum or series of payments (not to exceed five (5)) which in total are equal to the commuted value of the SERP benefit based on a calculation performed by a firm of actuaries retained by Hydro. Provided however, that the Executive may, at the expense of Hydro, retain his own firm of actuaries to perform the same actuarially equivalent calculation. In the event the calculations of the two firms of actuaries are within 10% of each other, Hydro and the Executive agree that the payment / payments will equal the average of the two calculations.

- (ix) In the event the difference between the calculations is more than 10%, the two firms of actuaries shall appoint a third firm of actuaries to review and present its calculation, which such calculation shall be adopted by the parties as correct.
- (x) The payment of the SERP benefit in accordance with clauses 13(b)(vii), 13(b)(viii) and 13(b)(ix) shall terminate all obligations and liability of Hydro to the Executive, his Surviving Spouse, a Child of the Executive or his designated beneficiary or his estate.
- (xi) In the event that at age sixty (60), with a Term of Employment equivalent to five years, the Executive is not entitled to an annual unreduced pension under the PSPP of at least five (5) times 2% of what the Base Salary was or would have been over five (5) years (the "expected benefits") the SERP will be adjusted to bridge any short fall in the said expected benefits.

CONFIDENTIALITY

- 14. (a) "Confidential Information" means any trade secrets or other information however communicated, disclosed to the Executive or obtained by the Executive through observation or examination of Hydro's policies, procedures or materials related to its

- 9 -

business or operations which derives economic value from not being generally known to or readily ascertainable by other persons who can obtain value from its disclosure or use.

- (b) The Executive acknowledges that irreparable injury or damage will result to Hydro upon the disclosure of Confidential Information to third parties or utilization of same for any purpose other than as contemplated by this Agreement.
- (c) The Executive will not, without the prior written consent of Hydro, disclose any Confidential Information to any third party and will not use the Confidential Information except pursuant to and in the course of the Executive's association with Hydro for the benefit of Hydro, provided however, that the Executive shall have no liability to Hydro for any disclosure of any Confidential Information if the Executive can establish that such Confidential Information:

 - (iv) has been independently developed without reference to or use of the Confidential Information, or
 - (v) has been disclosed in accordance with the law.
- (d) The Executive agrees that all restrictions and covenants contained in this Clause 14 are reasonable and valid and all defences to the strict enforcement thereof by Hydro which are founded upon reasonableness or validity of the restrictions and covenants are hereby waived by the Executive.

TERMINATION

15. The employment of the Executive may be terminated:

- (a) upon death of the Executive, in which event the Executive's named Surviving Spouse, or, in the event there is no Surviving Spouse or the Surviving Spouse dies, the Children of the Executive or his designated beneficiary or his estate shall be entitled to immediately receive the survivor benefit of the SERP commencing in the month next after death and the Surviving Spouse, if any, shall continue to enjoy and receive the hospitalization and other medical benefit insurance benefits which shall include unreduced extended health, drugs and dental coverage provided for in Clause 10 until the death of the Surviving Spouse;

Such amounts shall be paid to the Executive in lump sum within thirty (30) days of the termination of this Agreement subject only to Executive's direction for payment for tax sheltering purposes;

- 11 -

- (ii) all other available benefits upon the same cost sharing arrangement that the Executive would be entitled had he retired at age sixty (60), including extended health, drugs, life insurance and dental coverage;
