

Matrix for NL Response to Recommendations (October 26, 2011)

No.	Joint Review Panel Recommendations	To whom recommendation is directed Federal, Provincial, and/or Proponent (Nalcor)	Identify Department with mandate and/or expertise to lead Provincial Government response	Response statement: Accepts, Accepts the Intent, or Does not Accept	Comments
#	Recommendation No. and Title		Department Name(s)	Response Format	
1	4.1 Government confirmation of projected long-term returns	Provincial	NR-Energy		
2	4.2 Independent analysis of alternatives to meeting domestic demand	Provincial, Nalcor	NR-Energy		
3	4.3 Integrated Resource Planning	Provincial, Nalcor	NR-Energy		
4	4.4 Project sequencing and applying lessons learned	Nalcor	NR-Energy		
5	4.5 Full clearing of the Muskrat Falls reservoir	Nalcor	NR-Forestry	Accepts the Intent	
6	4.6 Preparation approach for Gull Island reservoir	Provincial, Nalcor	NR-Forestry	Accepts	
7	4.7 Utilization of merchantable timber	Nalcor	NR-Forestry	Accepts	
8	5.1 Use of best available technology	Nalcor	ENVC-PPD	Accepts the Intent	
9	5.2 Backing up intermittent renewable energy	Nalcor	NR-Energy		
10	5.3 Displacement of high greenhouse gas energy sources	Nalcor	CCEEET	Accepts the Intent	
11	5.4 Atmospheric monitoring	Nalcor	CCEEET/ENVC WRMD	Accepts the Intent	CCEEET (Bullets 1-3), WRMD (4)
12	6.1 Timing of reservoir impoundment	Federal, Nalcor	ENVC-WR	Accepts the Intent	
13	6.2 Environmental flow standards	Provincial, Federal, Nalcor	ENVC-WR	Accepts	
14	6.3 Erosion and sedimentation prevention	Nalcor	ENVC-WR	Accepts the Intent	
15	6.4 Mitigating entrainment effects	Federal	ENVC-Wildlife	Accepts the Intent	
16	6.5 Pilot study for methylmercury mitigation through soil removal	Federal, Nalcor	ENVC-WR	Does not Accept	
17	6.6 Fish habitat compensation	Federal	ENVC-WR	Accepts the Intent	
18	6.7 Assessment of downstream effects	Federal	ENVC-WR	Accepts the Intent	
19	6.8 Published analysis of downstream effects over time	Nalcor	ENVC-WR	Accepts the Intent	
20	6.9 Development of the aquatic monitoring program	Federal	ENVC-WR	Accepts the Intent	
21	7.1 Wetland compensation plan	Nalcor, Federal	ENVC-Wildlife	Accepts	
22	7.2 Riparian compensation plan	Federal	ENVC-Wildlife	Accepts	
23	7.3 Recovery strategies for endangered species	Provincial, Federal	ENVC-Wildlife	Accepts the Intent	
24	7.4 Compliance with species at risk legislation	Nalcor	ENVC-Wildlife	Accepts	

## Matrix for NL Response to Recommendations (October 26, 2011)

25	7.5 Road construction and decommissioning	Provincial	NR-Forestry	Accepts	
26	7.6 Recovery of the Red Wine Mountain caribou herd	Provincial, Federal	ENVC-Wildlife	Accepts	
27	7.7 Management of the George River caribou herd	Provincial, Federal	ENVC-Wildlife	Accepts the Intent	
28	7.8 Effect of reservoir preparation activities on migratory birds	Nalcor, Federal	ENVC-Wildlife	Accepts the Intent	
29	7.9 Vegetation control	Nalcor	ENVC-PPD	Accepts the Intent	
30	7.10 Monitoring, follow-up and adaptive management for the terrestrial environment	Nalcor	ENVC-Wildlife	Accepts the Intent	
31	8.1 Trapping compensation program	Nalcor	LAA	Accepts the Intent	
32	8.2 Mud Lake ice bridge mitigation	Provincial, Nalcor	ENVC-WR	Accepts the Intent	
33	8.3 Navigation during impoundment	Nalcor	ENVC-EA	Accepts the Intent	
34	8.4 Lower Churchill navigation mitigation and monitoring plan	Federal	ENVC-WR	Accepts the Intent	
35	8.5 Allowing local forestry operators to clear additional areas	Provincial	NR-Forestry	Accepts the Intent
