

TELL OUR LEADERS MUSKRAT FALLS MUST BE CHANGED.

Dear Prime Minister and
Premier of Newfoundland and
Labrador,

I am joining with others to call on
government to Make Muskrat
Right. New evidence shows that
the Muskrat Falls hydro dam will
contaminate the food that
thousands of Inuit rely on,
harming Inuit health and culture
and violating Inuit and human
rights. The human cost of the
current plan for the dam is too
high. Changes need to be made
now to mitigate these impacts. I
call you to require that Nalcor

I. Fully clear the future Muskrat

Falls reservoir area of vegetation

and soil before flooding to reduce methylmercury flowing downstream into Inuit territory.

2. Negotiate an Impact

Management Agreement with

the Nunatsiavut Government before Muskrat Falls' flooding and damaging downstream impacts occur.

3. Establish an independent

Expert Advisory Committee of

recognized academic experts to advise on the design of, and audit, a rigorous, credible, and predictive monitoring program for downstream impacts of Muskrat Falls, using the best available knowledge.

4. Grant Inuit joint decision-

making authority over

downstream environmental

monitoring and management of

Muskrat Falls.

Please act to protect health and rights now. Make Muskrat Right, before it's too late.
