**Subject:** Announcement: Integration Management Team

I am pleased to advise that the organizational structure for the Integrated Management Team responsible for execution of engineering, procurement and construction management for the Lower Churchill Project has been finalized.

The team will be led by Paul Harrington, Project Director, who will report directly to me.

Direct reports to Paul will be Lance Clarke, Business Services Manager, Ron Power, General Project Manager, and Greg Fleming, Project Manager - SOBI Crossing. Normand Bechard will fill the role of Sr. SLI Manager / Construction Advisor, reporting to Ron.

The attached chart provides the organization structure of the team.

We can also count on the support of the LCP Executive Committee in our efforts to successfully deliver our Project.

Regards,

Gilbert

**Gilbert J. Bennett, P. Eng.**

Vice President, Lower Churchill Project
