Water System approval pending review. Original submitted June 7, 2013 with just sewage information. Johnson's resubmitted on July 3, 2013 including the water and sewerage information as one application. Received an e-mail from Michelle Craig July 9, 2013 asking , why are they choosing to use absorption pits and not a disposal field. Absorption pits are only considered for temporary camps (ie of short duration; several months) and not for camps of this duration. Please resubmit with the design for a disposal field and required components for review. Waiting for response from Helen. Johnson's will contact Michelle to discuss.
