Dear Premier Davis:

It's been some time since we have received an updated budget and construction schedule for the Muskrat Falls project.

In the past, the Minister has stated that until there was a change in the $6.99 billion dollar figure, there would not be a public update. If this is the case, is the project still within the $6.99 billion dollar budget, and scheduled to be completed in late 2017?

I thank you for your cooperation and I look forward to hearing from you soon.

Sincerely,

Dwight Ball, MHA
