Hi Nik

I did receive an email from a representative of Leumi Bank, Shlomit Lotem, looking for some information on MWH. I have confirmed receipt and let him know I will get back to him shortly. We're in the middle of year end close and trying to finalize financial statements for 10 LCP

related entities....has been a bit hectic!

Thanks

Jim

Jim,

Did you get my message. I left one on your cell. Please check out. It is about the reference that I asked you if you can provide for MWH's bit on an international project. Apparently the bank (Leumi Bank) representative was trying to contact you but to no avail. Can you please call him/them back.

As for the report, I will review the comments and will get back to you if I have questions.

Thanks ,

Nik

Hi Nik

Please find attached a draft of your report with comments from the LCMC (Devco) team.

Most relate to ensuring the use of consistent terminology.

We have reviewed this report through a lense that there will be a desire to release it publicly, similar to the one done for the July visit. In particular, you will see some comments on how Astaldi progress has been characterized.

I am not sure if you are aware, but Astaldi have recently announced (publicly) the ICS will not be built over units 3 and 4. In that regard, we have provided some language for your consideration in the section where the ICS is referenced.

Once you have a chance to review by all means let us know if you have any questions.

Thanks

Jim

Hi Gents,

Here is the draft Site (MF/LTA) Visit Report (Nov'14) for your review and comments before I make the final submission.

Regards,

Nik
