If you want to join for any part by all means, but don't think there's anything specific on the agenda that you are needed for.

Gents

Just got back from meeting in Ottawa with Feds on the FLG. Apparently Nik will be the only representative of MWH attending the tech session and site visit in person. Rey and John Young will be dialing into the tech session tomorrow afternoon, so we may need to send them an electronic copy of the presentation. Other attendees will be Charles Newman from Cassels (Canada's legal counsel), David Pyper from Blair Franklin (Canada's financial advisor), Joe Krupski from NR Canada and Anne Boudreau from Justice Canada. All have been down to St John's before for FLG due diligence meetings at Torbay Rd office and are reasonable people to deal with. Don't think it changes our approach in any way, but may mean we find it a bit easier to manage the messaging and questions from the audience. Will see you tomorrow.

Regards

Jim
