Would it be easier to have him send us just the pages with corrections, otherwise Gilbert will have to go through the whole redaction exercise again with an updated report?

I said we could try and address this specific one below.....I thought MWH was doing all the others, which makes sense to me....we don't have the native (MS Word) version of the Nov 29 report...only a PDF

Do you have the same understanding that Nik is providing the slip pages for corrections?

OK....am I correct in assuming MWH is sending slip pages for the other corrections we provided?

Jim,

This comment, with respect to Nov. 29 report redacting, came to me from Canada:

On page 55 at the top, it erroneously says "in this **draft** document". Please remove the word "draft".

I'm away from the office (in Toronto for meetings until Saturday) and will not be able to fix it in the report. As you had already undertaken the redacting of a few parts of the report I'd appreciate if you see to that to be fixed as well.

Thank you,

Nik
