Thank you Paul.

We'll consult with Canada on the process.

Once all approvals with Canada are obtained, the Nov 29th IE report that you delivered to Canada is likely be released shortly here in NL in a redacted form. There are names of the MWH folks involved mentioned in that report, well at least Rey's is for sure and there may be attempts for those here in the province, for whatever motives, to contact Rey or your MWH team to try and get more details. Should this be the case you may wish to consult with Canada and take the appropriate steps to ensure that such requests for information are correctly channeled, follow protocols and are handles correctly.
