Fyi - Craig is meeting with Paul this am to try and come to a consensus here. The oversight committee felt it was important to have some key resources attend the upcoming IE site visit and workshops. As you are aware, we have worked with Nalcor and the feds to gain access to the IE , including these type of meetings. The resources identified at this point include Craig Martin, Corey Grady (ADM with Transportation and Works who is a civil engineer with a masters in project management) and Richard (EY engineer with Project Mgmt). The latter represents the independent aspect required by Cabinet. It may be that EY is the main issue from a perceived conflict perspective, not sure but perhaps we can take the opportunity this afternoon after our meeting to discuss and Craig and Paul may have some additional thoughts at that time as well. Thanks.

Craig

I think that having an EAnd Y person attending would be in advisable . I strongly suggest you reconsider. This is an important meeting for my team with the I E and I would prefer you do not complicate matters. I will gladly meet with you separately on the same subject at any time afterwards. We have some issues to clear up with the IE and your presence may complicate matters

So I am requesting you reconsider attendance during the cost and schedule workshop

Paul,

The four seats for the 21st to the 23rd are myself, Cory Grandy, ADM at TW (who'll be at MF), Richard Noble from E&Y and a 4th seat that may alternate as several Committee members have expressed an interest in attending.

Jim has indicated that he's not available in the AM, but think you and I should still get together.

What time did you want me to come over?

Thanks

Craig

Ok Martin- I am available in the morning

i was a bit surprised with the numbers of people that you would be bringing to the meetings 21st to 23rd and just wanted to check if any of those folks were from E&Y. In any case I would like to know who would be attending so we can prepare accordingly. So if you would be so kind as to provide a name and their title that would be helpful.

Thanks Paul

Jim,

Finished Committee meeting a short while ago. Looking for a time to meet with you and/or Paul tomorrow (preferably AM) to go over a couple of items with respect to the upcoming site visits and the first Committee reports. Know your time is limited given IE in next week.

I have report template approved and will be populating over next few days for first distribution to internal parties next Tuesday. Have a couple of items required from Nalcor and wanted to speak with you regarding who will be reviewing for Nalcor.

Please let me know what your availability is for tomorrow.

Thanks

Craig

Jim,

Just called and left message.

Wanted to touch base with you on two issues, the site visits and to line up a meeting for tomorrow morning to discuss some information the Committee is seeking.

Please give me a call at 0966 when you're available to discuss the site visits. I'm around this morning but have Committee starting at 1:30pm

Please e-mail to let me know what time tomorrow morning works to meet on the information.

Thanks

Craig

Jim,

Still in progress, but should have confirmation to you before end of day today. At this stage it appears the Province will be participating in the activities on Monday July 14, 2014, Wednesday July 16, 2014 and Thursday July 17, 2014. Will confirm dates and attendees shortly.

Hi Craig

Have you been able to finalize representation from the Province? It looks like we've got everyone confirmed from Nalcor/LCP, Canada and MWH and hoping to lock down transportation, accommodation, etc requirements today.

Thanks

Jim

Paul,

I'm still following up internally as to who will attend the site visits. Wanted to confirm whether there are still two (2) seats available for Province's representatives.

Please advise.

Thanks
