1.9 **References to Statutes**

Each reference in each Muskrat/LTA Project Finance Document and Guarantee Transaction Document to any code, statute, regulation, official interpretation, directive or other legislative enactment of any Canadian or foreign jurisdiction (including any political subdivision thereof) shall be construed so as to include such code, statute, regulation, official interpretation, directive or enactment and each amendment, reenactment, reissuance or replacement thereof made at or before the time in question.

1.10 **Grammatical Variations**

In each Muskrat/LTA Project Finance Document and Guarantee Transaction Document, unless a clear contrary intention appears, (i) words and expressions (including words and expressions (capitalized or not) defined, given extended meanings or incorporated by reference therein) in the singular include the plural and vice versa (the necessary changes being made to fit the context), (ii) words in one gender include all genders and (iii) grammatical variations of words and expressions (capitalized or not) which are defined, given extended meanings or incorporated by reference therein shall be construed in like manner.

1.11 Non-Business Days

Whenever any payment to be made under a Muskrat/LTA Project Finance Document or Guarantee Transaction Document is required to be made or any other action to be taken thereunder is required to be taken on a day other than a Business Day, such payment will be made or such other action will be taken on the next following Business Day. 1.13 Accounting Terms; GAAP

1.13.1 Unless a clear contrary intention appears in a Muskrat/LTA Project Finance Document or Guarantee Transaction Document, all terms of an accounting or financial nature shall be construed in accordance with GAAP, as in effect from time to time. For purposes of the calculation of DER and DSCR, such ratios shall be calculated in accordance with the definitions hereof and not in accordance with GAAP, it being understood that the definition of "Capital Account" shall be calculated as provided for in the Muskrat/LTA Project Finance Agreement. All calculations for the purposes of determining compliance with any financial ratios and financial covenants contained in any Muskrat/LTA Project Finance Document or Guarantee Transaction Document shall be made on a basis consistent with GAAP used in the preparation of the first Financial Statements of the Credit Parties delivered under the Muskrat/LTA Project Finance Agreement. Any financial ratios required to be maintained by the Credit Parties pursuant to any Muskrat/LTA Project Finance Document or Guarantee Transaction Document shall be calculated by dividing the appropriate component by the other component, carrying the result to one place more than the number of places by which such ratio is expressed in any Muskrat/LTA Project Finance Document or Guarantee Transaction Document and rounding the result up or down to the nearest number (with a round-up if there is no nearest number) to the number of places by which such ratio is expressed therein.

1.13.2 The parties hereto agree that if at any time there is a material change to GAAP, then the Credit Parties and the Collateral Agent shall use commercially reasonable efforts to negotiate in good faith amendments to the provisions of the applicable Muskrat/LTA Project Finance Document or Guarantee Transaction Document, as the case may be, that are affected by such material change with the intent of having the respective positions of the Credit Parties and the Collateral Agent after such material change conform as

nearly as possible to their respective positions immediately prior to the implementation of such material change; provided, however, that until any such amendments shall have been agreed upon, the terms, conditions and undertakings of the applicable Muskrat/LTA Project Finance Document or Guarantee Transaction Document shall be interpreted and applied as if such material change did not apply to the Credit Parties and the accounting principles applicable to the Credit Parties immediately prior to the implementation of such material change shall continue to apply to the Credit Parties for the purpose of determining if the Credit Parties comply with the financial covenants of the applicable Muskrat/LTA Project Finance Document or Guarantee Transaction Document and the Credit Parties shall continue to provide Financial Statements under the applicable Muskrat/LTA Project Finance Document or Guarantee Transaction Document prepared in accordance with such accounting principles.
