SLI Construction Signatories to Drawings and Other Documentation

Dear Normand:

In an effort to ensure rigorous construction alignment with engineering deliverables, we request that the relevant Component Construction Manager formally sign off on all Drawings. We request that this signoff be in place for the Revision B1 drawing issue. We are requesting that this action be implemented immediately.

For drawings issued to date, we request that those drawings be signed off by Construction as well – this will necessitate a revision.

Regarding signoff on other documentation, a communication outlining our requests will be forthcoming.

Sincerely,

Ron Power
Project Manager – Generation / Island Link
