Scott, Bob, Ed & Gilbert are 4. I did not know if anyone else would be joining but booked for 2 extra just in case. This is a nice spot was #1 pick in Enroute Mag in 2011.

Can you confirm that it will just be the 4 of you for both the dinner and the meeting (at least from our side?)

Guys,

I have asked our Hydro East GM, Bernard Gagne to organize a small meeting for the leadership

teams with Bob around 130pm on the 25th. Bob we could then have a town hall for all staff (200 Lower Churchill + 70 from O&M) at 230pm if you are up for it.

If this works we will try and arrange the meeting with Nalcor around 4pm and a dinner to follow.

Let me know if you have any concerns.

Wendy - the hotel I was at last time was good (Sheraton?), please book me there.

Thanks,
Scott

Bob: we have about 70 folks in our Spectrol group – mostly doing integrity management, SQS and various other Oil and Gas related stuff. They are close to the Bay Newplan office, although about 25% are offshore at any time. We also have about 20 facility management people spread over St. John's.

Scott. I can do either the morning or afternoon. It appears that they prefer the afternoon so I have put it in my calendar. I will plan to return to Montreal at zero dark thirty Friday AM leaving dinner open for them or our team there. We might be better off shooting for a mid afternoon meeting to allow us to meet with some of our Nalcor team in advance. Up to you. Bob

Nicole. Please try to figure out the total scope of our Newfoundland operation as I would like to hold a Q&A meeting with the management or a town hall at which Scott would be welcome to co host. Bob
