Hi John

Could you please review the following....we can discuss when I arrive in the morning.

1. Review Ed's email from Friday. I went over it with him today, but please review the items related to
 - exceptions 38 & 39 on payment for Temporary Works
 - his note items 6, 7 & 8 to you and me
2. Also....please look at A2.1. I believe Bidder-3's RCC rate (original) is blended, so we should get credit if we get separate rate for Trial Section

I went over all my notes and cannot find anything else which we would want to discuss in our meeting.

I agreed with Ed that he and I would call Len Knox after we decide if Bidder 3 can do the work. We will discuss the team and ask him for agreement to change out some of the people should we decide to award to them.

Lets talk in the morning.

Cheers Ken
