# Introduction

In November and December 2016, Company and Contractor negotiated and reached agreement on a Project Completion Contract. Contractor initially presented Company with an estimate of $2,240 million dollars, including $70 million dollars of Risk and a revised baseline schedule to complete the remaining CH0007 scope of work. Contractor's Risk costs were a key component of the negotiations and were recognized by both Contractor and Company as one of the seven Guiding Principles[1] upon which the Completion Contract was based and formed.

After weeks of negotiations, both parties agreed to $1,830 million dollars, and a revised baseline schedule to complete the scope of work, exclusive of Risk. Contractor's initial $70 million dollars of Risk was not included in the Completion Contract, but recognized, negotiated down and not to exceed $50 million dollars to take into account costs not reflected in the $1,830 million dollar price. Contractor would not have agreed to the Completion Contract without the inclusion of these mutually recognized Extraordinary Risks.

**Extraordinary Risks Not Currently Known.**

***18. For extraordinary risks not currently known or anticipated, Company may consider additional compensation. If any additional compensation is agreed, the cumulative value of such shall not exceed fifty million dollars ($50,000,000.00).***

***19. Upon Contractor considering that an extraordinary risk event has occurred, Contractor shall present such supporting documentation to the Joint Steering Committee, as Company may reasonably require, as to the cause and impact of the event for consideration by the Company following Substantial Completion***

Contractor's understanding of the definition of Unknown risks/costs at time of negotiation was based on Costs not included or quantifiable in its estimate to achieve the negotiated Completion Contract.

It is important to understand that the feasibility of not exceeding 50 million dollar was based on the Completion Contract baseline schedule. Because Contractor is delayed, the exposure to risks will be higher. (Table 1)

[1] See Exhibit 1 of Stan Marshall's 16-Dec-2016 letter to Filippo Stinellis.

# Extraordinary Risk Summary

*Table 1: Extraordinary Risk Updated Forecast*

| | | Actual Cost Feb-18 | Estimate to Complete | Estimate at Completion |

# Extraordinary Risks Categories

**1.0 Construction**

**2.0 Subcontractors and Suppliers**

**3.0 Legal/consulting and Labour relations**

**4.0 Inventory**

**5.0 Financial**

**6.0 Third party Additional Services**

**7.0 Engineering**

**8.0 Quality**

# 1.0 Construction

Categories include Risk identified and related to construction activities:

1.1 Rework

1.2 Labour Hourly Cost

1.3 Embedment/Back-charges

1.4 Staff Retention

## 1.1 Rework

**Justification:**

Contractor understood that moving forward post Completion Contract its productivity factors did not represent a complete finished product, handover and walkdowns were not as advanced to account for additional requirements for final handover. Only the Spillway area was handed over at that time.

In addition, accelerations (T&G Optimazitions, Mezzanine Accelerations, Intake Acceleration, Building Enclosure acceleration,…) extra efforts to hand over areas earlier to Company's Other Contractors lead to unecessary rework and more difficult accesses to close punch lists.

Examples of unplanned rework:

- Installing temporary supports for roof drains due to late deliveries or permanent support following a Company change design forced Contractor to have unecessary noncomformities. The same applies to piping work inside the drainage gallery were Contractor had to provide temporary supports, perform unecessary welding, purchase material, to account for design issues.
- Accelerating the building enclosure required Contractor to install temporary bolts and shims awaitng permanent material as well as performing repairs of Panels on site instead of the shop.
- Installing a roof drain system while delivering the building according to Powerhouse Stage Erection system, imposed on Contractor to re-do alignment of all supports.
- Banning Contractor from accessessing the Main overhead crane, resulted in unecessary rework to the High bay lignting scope where temporary installation of cable layouts took place, re-routing of circuits will be needed while complete the installation in Summer 2018.
- Intumescent delamination between kew deck and structural beams will necessitate extra efforts for Contractor to perform the work with the presence of BOP, since Contractor advanced accesses in the generator floor area.
- Punch list items in the Water passages, Intake and draft tube necessitated extra mobilization to Contractor to those areas,…
- ECNs related to some Work such as tailrace opening, Building 25, North Service Bay Wall,… require Contractor to account for unecessary rework such as temporary covers for tailrace expansion joints, mobiliztion and remobilization from the tailrace areas for cladding Contractor, roofing Contractor and Contractor crews.
- Contractor had to Install Guard rails around Intake shafts as per Nalcor's request to secure areas for Company's Other Contractors, then Contractor is forced to remove them to complete the roofing on the hoist structure. Contractor did not plan for such rework
- Etc.

Contractor believes the real exposure of the unecessary unplanned rework will be in the range of 5 Million dollars. Contractor will gather all the cost and will provide back up in Rev.1.

**October 2016 to February 2018 Cost:**

TBD

**Estimate to Complete:**

TBD

**Estimate at Completion:**

TBD

## 1.2 Labour Hourly Cost Increase

The average hourly rate for craft workers used to establish the Completion Contract cost estimate, was based on an average hourly rate of $87.10 per hour. There are various factors that affect the average hourly rate such as, overtime and the composition of various union trade workers (i.e. more carpenters, less labourers) because of the difference in their hourly wage.

The actual average hourly rate post Completion Contract to date is $88.16 per hour.

Total increase of Labour Hourly Cost = ($1.06/hour) x 4,453,506 hrs = $4,703,816 to date as additional cost.

Applying the same factor, $1.06/hour, the estimated hours to complete, Contractor estimates an additional 1,766,610 hours to complete equal to $1,872,607 of additional cost.

**October 2016 to February 2018 Cost**

$ 4,703,816

**Estimate to Complete:**

$ 1,872,607

**Estimate at Completion:**

$ 6,576,423

**Back up documentation:**

Attachment 1.2.1 - Historical Data of average unit price by months Nalcor Cut off

## 1.3 Embedment/Backcharges

The tolerance for the installation of embedment are very tight and therefore, despite Contractor diligent efforts to have them all in tolerance there is potential for embeds to be out of tolerance post pour.

The remedy for this is for Contractor to repair the embedment deficiencies once realized. The issue is that often these embedments are in areas that have been turned over to Company's other Contractors and Contractor has no access to the work areas.

The Company is taking the approach to have the remedial work done by Company's Other Contractors without allowing Contractor the ability to monitor and approve cost for completing the remedial work.

Backcharges identified so far by Company to which Contractor is exposed and did not foresee are presented in Attachment 1.3.1

**October 2016 to February 2018 Cost**

$ 518,709.95

**Estimate to Complete:**

$ 500,000

**Estimate at Completion:**

$ 1,018,709.95

**Back up documentation:**

Attachment 1.3.1 – Backcharges list from Nalcor

## 1.4 Staff Retention

With the work being extended because of delays in combination with new projects starting up, such as the Site C project in British Columbia, the Keyask project in Manitoba and the Husky project in Newfoundland, who have all been actively recruiting the Contractor's staff, Contractor will have to provide incentives to ensure that the key members of its staff remain until project completion.

**October 2016 to February 2018 Cost**

$ 0

**Estimate to Complete:**

50 key staff at $20,000 = $1,000,000

**Estimate at Completion:**

$1,000,000

## 2.0 Subcontractors and Suppliers

Contractor has included all the additional costs, claims associated with its Subcontractors.

Subcontractors and supplier claims were known during the negotiations of the Completion Contract but the value and final cost associated with these Risk were not known because Contractor was at various stages of negotiations with its Subcontractors. Contractor identified these costs during the Complection Contract negotiation period .

Since the signing of the Completion Contract, Contractor has settled some claims but Contractor still has outstanding Subcontractors/Suppliers claims

Table 1 summarizes actual claims settled as of February 2018 and provides a forecast of known exposure.

## 2.1 Labrador Ready mix (LRM)

**Justification:**

Extra services provided by LRM above the unit price specified in the contract for the supply of concrete, in addition to claims.

**October 2016 to February 2018 Cost**

$ 2,596,118

**Estimate to Complete:**

$ 2,318,252

**Estimate at Completion:**

$ 4,914,370

**Back up documentation:**

Attachment 2.1.1 – Actual Incurred cost from October 2016 up to February 2018
Attachment 2.1.1 a) $ 2.391.922 due to a pending issue recognized in September 2017
Attachment 2.1.1 b) $ 204,196 Change Order # 013 Partial Release of Blockade

**Incurred cost up to February 2018**

- *Pending issue recognized in September 2017:*

From October 2016 up to February 2018 Contractor recorded an increase of extra cost not included in the unit price of concrete production, mainly due to crushing operations, OEA operator engineer for cement blower, EEP & EPP and protest blockade which totaled **$ 2.391.922** .

- *Partial Release of Blockade Costs:*

LRM's total claim value was 376,448.53 . Contractor agreed to pay $ **204,196**

The list of the costs are visible in the Attachment 2.1.1.b)

**Estimate to complete calculation**

In the Completion Contract Contractor have considered 200 /m3 extra for the remaining 10,270 m3 of the project (from Oct. 2018 to the April 2019). The original LRM's contract ends in September 2018 and, based on the most recent information, they will need 600,000 /month from Oct. 2018 to the end of the activities in order to complete the project. In light of this, the extra cost not considered in the Completion Contract is \$600,000 month * 7 months – \$200 /$m^3$ *10,270 $m^3$ = \$ 2,146,000.

$$\boldsymbol{ETC\ LRM\ Risk} = \mathbf{600,000}\frac{\boldsymbol{Cad}}{\boldsymbol{months}} * \mathbf{7}\ \boldsymbol{Months} - \mathbf{200}\frac{\boldsymbol{Cad}}{\boldsymbol{m3}} * \mathbf{10,270}\ \boldsymbol{m3}$$

$$\boldsymbol{ETC\ LRM\ Risk} = \mathbf{4,200,000}\ \boldsymbol{Cad} - \mathbf{2,054,000}\ \boldsymbol{Cad} = \mathbf{2,146,000}\ \boldsymbol{Cad}$$

$$\boldsymbol{ETC\ LRM\ residual\ Risk\ Blockade\ Costs} = \mathbf{\$\ 376,448} - \mathbf{\$\ 204,196} = \mathbf{\$\ 172,252\ Cad}$$

Note: the present cost assessment does not take into account any extension of time beyond April 2019.

## 2.2 Iskueteu – Electrical Subcontractor

**Justification: Payment for claim**

Iskueteu presented Contractor with a claim for $ 569,291.05. The claim was related to generators and repair services provided for temporary electrical work during the 2014/2015 for which Contractor settled with subcontractor for a total of $ 350,000 (attachment 2.2.1 – 2.2.2)

**October 2016 to February 2018 Cost**

$ 350,000

**Total Cost**

$ 350,000

**Back up documentation:**

Attachment 2.2.1 – Generator Remediation Settlement

Attachment 2.2.2 – Payment Certificates

## 2.3 Proco

**Justification: Proco Claim**

Proco has presented Contractor with a claim for $11,900,000 related to the work completed on the ICS building.

The to date cost incurred by Contractor is the cost of bonding for the lien filed by Proco.Contractor has extended the bond four times at a cost of $180,000/year for the years 2015, 2016, 2017 and 2018. (Attachment 2.3.1)

**Incurred Cost up to February 2018**

$ 720,000

**Estimate to Complete:**

$ 11,900,000 + $180,000 (for 2019) = $ 12,080,000

**Estimate at Completion:**

$ 11,900,000 + $720,000 + $180,000 = $ 12,800,000

**Back up documentation:**

Attachment 2.3.1 – Incurred Cost for Guarantee Deposit up to February 2018

Attachment 2.3.2 – 2015 01 22 Letter on LIEN

## 2.4 Supermetal

**Justification: Supermetal Claim**

Supermetal is Contractor's Sub-contractor for steel structure fabrications and installation.

Contractor was able to close a claim including ECN work for a lump sum of $ 3,207,682. Contractor hired Ernst & Young an accounting firm to complete an audit of Supermetal financials in order to reach a claim settlement. Ernst &Young cost services was $ 136,370

Supermetal's scope is nearing final completion and Contractor forecasts a potential cost risk of $500,000 dollars to complete the remaining scope of work.

**October 2016 to February 2018 Cost**

$ 3,344,052

**Estimate to Complete:**

$ 500,000

**Estimate at Completion:**

$ 3,844,052

**Back up documentation:**

Attachment 2.4.1 – Settlement Agreement January 2017 & PC4

Attachment 2.4.2 – E&Y invoice

## 2.5 Saramac – Claim and Additional Costs

Saramac is the precast panels supplier.

1. **Incentive to perform**

   Contractor and Company agreed to proceed with an incentive for Saramac to accelerate the fabrication of the powerhouse precast panels. The incentive agreed on was $600,000 for which Company provided a change order. Following the 2017 Settlement Agreement Company unilaterally decided to claw back the approved change order, meanwhile Contractor was left to pay Supplier the agreed amount. Company took advantage of a technicality to justify their actions. Please note that Contractor had already signed the 2017 Settlement Agreement without knowledge of Company's intention to deduct the 600,000 amount as well a balance of $ 80,689.25 of other change requests.

2. **Saramac claims**

   Saramac presented an additional claim to cover the addition rebar requirements imposed by the Engineer and Designer as well as the extra measures taken to provide the galvanized parts. Saramac's claim value was $295,402 for which Contractor settled for $199,150. To note Saramac held all the lateral transversal panels and would not release these until confirmation of claim settlement while Company is pushing Contractor to complete tailrace work.

**Incurred Cost up to February 2018**

$ 680,689

**Estimate to Complete:**

$ 199,150

**Estimate at Completion:**

$ 879,839.25

**Back up documentation:**

Attachment 2.5.1 – Settlement email

# 3.0 Legal/consulting and Labour relations

The legal and labour section summarizes what Contractor has spent on legal fees for labour relations and grievance settlements, draft tube impact not covered by insurance claim and other legal fees associated with managing the Muskrat Falls Project.

3.1 Labour Relations / Grievances

3.2 Commission of Inquiry

3.3 Legal fees

3.4 Draft Tube Impact

3.5 Medical Examinations

3.6 Drug and Alcohol Policy

## 3.1 Labour Relation / Grievances

**Justification:**

This item describes the costs of additional costs related to labour relations issues (grievances) that Contractor may face after the sign of the Completion Contract.

In the *Attachment 3.1.1 – Incurred Cost from October 2016 up to February 2018* all the transaction of labour relation costs incurred up to February 2018 are detailed.

The two biggest transactions are supported by invoices in attachment 3.1.2

I. Carpenters Local 579 ($ 104,900 )
II. Teamsters Local 855 ($ 300,000 )

The estimate to complete the work is $ 800,000. Contractor is forecasting issues with managing the Collective Agreement as it relates to the hiring protocols, management rights, and retention of qualified craft.

There was no allowance made in the Completion Contract to cover the costs associated with Union grievances and settlements.

As of February 2018, Contractor has spent $568,498 dollars

Contractor's experience on the Muskrat Falls site believes that because of the Collective Agreement for the site is vague and leaves a lot to interpretation and will complicate the lay-offs process.

**October 2016 to February 2018 Cost**

$ 568,498

**Estimate to Complete:**

$ 800,000

**Estimate at Completion:**

$ 1,368,498

**Back up documentation:**

Attachment 3.1.1 – Summary incurred Cost from October 2016 up to February 2018

Attachment 3.1.2 – Invoices incurred cost from October 2016 up to February 2018

## 3.2 Commission of Inquiry

**Justification:**

A commission of inquiry into Company's management of the Muskrat Falls Project was initiated by the Newfoundland Provincial Government.

The Government has allocated 33 million dollars to complete this task.

Contractor has already responded to the Commission for supply of contract documentation.

To date, contractor has spent $ 80,000 to comply with the Commission's request for information.

At this point, it is not clear what will be mandated by the Commission to complete its inquiry.

Contractor has forecasted $ 250,000 to complete this process

**October 2016 to February 2018 Cost**

$ 78,509

**Estimate to Complete:**

$251,410

**Estimate at Completion:**

$ 329,919

**Back up documentation:**

Attachment 3.2.1 – Additional cost for the Commission of Inquiry on the Muskrat Falls Project

Attachment 3.2.2 – Contractor's Memo to Suppliers Subcontractors and Emplyees

## 3.3 Legal Fees

**Justification:**

In the Completion Contract Contractor estimated cost of $ 1,565,914 to cover any costs for legal expenses.

As of February 2018 the Contractor spent $ 2,823,997 for legal fees.

| **Total legal services** | **2,823,997** |
|---|---|
| Glaholt | 1,402,662 |
| FTI consulting | 836,876 |
| Clyde & co us | 435,476 |
| stewart mckelvey | 103,215 |
| roebothan mckay marshall | 28,840 |
| william alcock | 18,204 |
| mccarthy tétrault llp | 5,339 |
| wadden peddigrew hogan | 1,560 |
| ********** | 1,100 |
| Borden ladner gervais llp | 300 |

Actual Risk can be calculated as follow:

Actual Legal Risk = Total Actual legal cost – Total planned cost Completion Contract

Actual Legal Risk = $ 2,823,997 – $ 1,565,914

$$\boldsymbol{Additional\ Legal\ Cost} = \$\,\mathbf{1,267,657}$$

**October 2016 to February 2018 Cost**

$ 1,267,657

**Estimate to Complete Cost:**

$ 1,300,000

**Estimated total at Completion:**

$ 2,567,657

**Back up documentation:**

Attachment 3.3.1 – Invoices for Legal Services

## 3.4 Draft Tube #2 Loss of Revenue

**Justification:**

As a result of the DT-2 incident, Contractor incurred a variety of damages, including:

- ü Costs incurred for investigation/ loss management;
- ü Costs incurred for debris removal and cleanup;
- ü Costs incurred for repairs and restoration
- ü Costs incurred for preventive measures
- ü Increased costs incurred during the rectification/replacement of DT-2 as a result of inefficiencies caused by the DT-2 incident (i.e., “direct loss of productivity damages”);

The total incurred cost for direct damage and productivity losses was $ 35,973,612 (see Attachment 3.4.1).
In the Completion Contract Contractor expected full reimbursement of these costs from the insurance claim.
In January 2018 Contractor only received $ 11,700,000 from the insurers.( Attachment 3.4.2)

$$\boldsymbol{Draft\ tube\ insurance\ claim\ \ Risk} = \boldsymbol{Draft\ tube\ insurance\ claim - Insurance\ Reimbursement}$$

$$\boldsymbol{Draft\ tube\ insurance\ claim\ Risk\ = 35,973,612\ Cad\ - 11,700,000\ Cad}$$

$$\boldsymbol{Draft\ tube\ insurance\ claim\ Risk\ = 24,273,611\ Cad}$$

**Total Cost Impact:**

$ 24,273,611

**Back up documentation:**

Attachment 3.4.1 – DT2 Insurance Claim

## 3.5 Medical Examination

**Justification:**

According to the Collective Agreement, the Unions are to supply physically fit workers. In June of 2015, Contractor introduced pre-access fitness testing as a precautionary measure to ensure that the individual workers that Contractor employed were sufficiently fit for work. Contractor understood that it would pay for this. Contractor processed 6,900 individual workers of which 1,788 failed the pre-access test. Contractor still had to pay for the workers that failed this test – 1788 X $ 295.00 = $ 527,460

**Incurred Cost to February 2018**

$ 527,460

**Estimate to Complete:**

$ 200,000

**Estimate at Completion:**

$ 727,460

**Back up documentation:**

Attachment 3.5.1 – Don Delarsbil 's email to Mr. Dave Clark

## 3.6 Company Imposed Drug and Alcohol Policy

**Justification:**

Company changed testing parameters related to the drug testing on site. Once these changed parameters were known Contractor was exposed to additional wage payments.

Once a worker gets tested for cause and gets a non-negative result from the site drug test, he automatically loses his site access. The issue is that with the testing parameters, over the counter medication can and will result in a non-negative result.

The site non-negative sample is then sent to a lab for verification and results usually take 8-10 days. If the Lab test result is negative then the worker is allowed to come back to site and get paid his full wages for the time he was off.

Contractor cannot control the Company's drug and alcohol policy, and this change increases the number of individuals that will test non-negative.
Contractor is impacted twice. Once, by having sent the worker off site while waiting for the results, the worker is not available to complete his work. Secondly, Contractor had to pay his total wage from the time he left site until he returned. Contractor has only presented Direct cost impact.

Note: Company is responsible for the Drug & Alcohol policy for which Contractor has no control and will no longer be paying wages for workers sent off-site.

**Incurred Cost to February 2018**

$ 81,192.18

**Estimate to Complete:**

$ 60,000.00

**Estimate at Completion:**

$ 141,192.18

**Back up documentation:**

Attachment 3.6.1 Contractor Letter LTR-CH0007001-1230

Attachment 3.6.2 Cost Summary Breakdown of Grievances and amount paid

# 4.0 Inventory

Contractor expects to incur inventory losses once its Scope of Work (SOW) is complete. Contractor inventory losses will not be determined until completion of SOW.

Inventory loss includes the following:

4.1 Rebar Inventory Loss

4.2 Doka Formwork Material

4.3 Procurement

## 4.1 Rebar Inventory Loss

**Justification:**

Contractor ordered extra quantities of straight rebar to avoid any unknow risks and to have the ability to compensate for any fabrication and delivery delays, design changes and additional work.

| CDC | Sum of TOT. PAYED TO AGF (Kg) | Sum of TOT. BILLED TO NALCOR (Kg) | DIFFERENCE Kg |
|---|---|---|---|
| 2361.25000 | 71,610.00 | 64,657.00 | 6,953.00 |
| 2362.25000 | 140,233.00 | 162,472.67 | - 22,239.67 |
| 2363.25000 | 204,076.00 | 194,219.00 | 9,857.00 |
| 2410.25000 | 3,536,003.00 | 3,532,558.00 | 3,445.00 |
| 2411.25000 | 151,522.00 | 146,750.00 | 4,772.00 |
| 2430.25000 | 140,332.00 | 139,118.00 | 1,214.00 |
| 3220.25000 | 10,871,082.00 | 10,942,785.50 | - 71,703.50 |
| 3310.25000 | 9,340,810.00 | 9,365,683.06 | - 24,873.06 |
| - | 2,378,198.00 | | 2,378,198.00 |
| **Grand Total** | **26,833,866.00** | **24,548,243.23** | **2,285,622.77** |

**2,285.7 Ton x $ 1300/ton = $ 2,971,410**

Contractor estimates that only 30% of the above was utilized for accelerated work, Concessions, changes in procedures and construction processes, change orders,..

**October 2016 to February 2018 Cost**

$ 891,423

**Estimate to Complete:**

$ 300,000

**Estimate at Completion:**

$ 1,191,423

## 4.2 Doka Formwork Material

**Justification:**

Due to the aggressive Completion Contract schedule, Contractor Formwork inventory losses/damages could not be quantified in Completion Estimate.

In an effort to reduce cost, Contractor negotiated with Doka a purchase agreement of materials for an amount of $ 1,302,000 for a material value of $2,800,000. Attachment 4.2.1 Change order 00102 30 9 2016_DM. and Attachment 4.2.2 represent the details behind the purchase option.

Contractor mitigated the risk of paying rental on damaged material and formwork hardware losses resulting from merging pours and modifying formwork to avoid clashes between structures. For example intake work progressed in parallel with the Mezzanine work, Intake 3 and 4 progressed adjacent to each other with not enough staggering, tailrace work units progressed with no proper staggering of pours, etc…

The actual damage/loss of parts from October 2016 to date is $ 755,225 (material value) and after applying the discount totals $ 347,355 .

**October 2016 to February 2018 Cost**

$ 347,355

**Estimate to Complete:**

$ 955,018

**Estimate at Completion:**

$1,302,373

**Back up documentation:**

Attachment 4.2.1 Change order 00102 30 9 2016_DM

Attachment 4.2.2 Change order 00102 30 9 2016_DM detail

Attachment 4.2.3 Actual Incurred Cost detail

## 4.3 Procurement

In 2017, Company asked Contractor to change our PPE supplier from Acklands to Labradorite resulting in a price increase. The overall price difference between both suppliers Acklands and Labradorite is approximately 5%.

PPE purchased in 2017 = $ 791,728.35 x 5% = $ 39,586.42

PPE estimated for 2018 = $ 700,000 x 5% = $35,000

This was done to promote local and Innu businesses

Company assured Contractor that any cost overruns related to this change would be covered.

**October 2016 to February 2018 Cost**

$ 39,586

**Estimate to Complete:**

$35,000

**Estimate at Completion:**

74,586

**Back up documentation:**

Attachment 4.3.1 - 2017 Labradorite transaction

# 5.0 Financial

Contractor incurred extra cost related to:

5.1 Bonding

5.2 Financial

5.3 Reduction in Hold Back Bond

## 5.1 Bonding

**Justification:**

Contractor made no allowance in its completion estimate to cover the cost of increasing the letters of credits.

**October 2016 to February 2018 Cost**

$ 6,470,813

**Estimate to Complete Cost:**

$ 11,878,854

**Estimate at Completion Cost:**

$ 18,349,667

Attachment 5.1.1 reflects the bonding cost before the extension and the increase requested in the Completion Contract as per clause 6 and 9. The total cost was $36,120,193 (1).

Attachment 5.1.2 reflects the new bonding costs:

- -1b is the performance bond extended up to 01/06/2019;
- -2b is the release of holdback extended up to 30/09/2019;
- -3b is the extension of the original advance payment up to 30/10/2019;
- -3c is the increase of 30M of the advance payment as per clause 9 up to 30/10/2019;
- -4b is the extension of the original performance LC up to 30/9/2019;
- -4c is the increase of 80M of the performance LC up to 10/3/2018;

The revised total amount for bonding is $ 56,050,221 (2) of which Company as per clause 6 c) of the agreement reimbursed in change order 47(attachment 5.1.4) $1.580.361 (3).

Bonding costs are calculated as follows:

(2) - (3) - (1) = $18.349.667

To date actual cost is $6,470,813.( Attachment 5.1.3)

**Back up documentation:**

Attachment 5.1.1 – Bonding cost included in the estimate

Attachment 5.1.2 – New bonding cost value due to the request on the Settlement Agreement

Attachment 5.1.3 – Incurred cost up to February 2018

Attachment 5.1.4 – Change order 47 LC reimbursable cost

## 5.2 Financial

**Justification:**

Additional costs of financing have been required to balance cash flow in order to complete the project.

**October 2016 to February 2018 Cost**

$ 431,791

**Estimate to Complete Cost:**

$ 19,165,181

**Estimate at Completion Cost:**

$ 19.596.972

**Back up documentation:**

Attachment 5.2.1 – Financial cost in the estimate of the Completion Contract

Attachment 5.2.2 – Detail of transaction from Baan of the interest cost from Oct 2016-Feb 2018

Attachment 5.2.3 – Updated cash flow

Attachment 5.2.4 – Interest calculation based on the updated cash flow of the project

The estimate for financial cost from October 2016 to February 2018 in Completion Contract was $ 7,202,240 (1) as per attachment 5.2.1. The actual cost incurred is $ 7,634,031 (2) as per attachment 5.2.2

The cost to date February 2018 is as follows:

(2) - (1) = $ 431,791.

To estimate the interest cost projection to complete the work Contractor has taken the following into consideration:

In attachment 5.2.3 Contractor updated completion contract cash flow and estimated the unforeseen cost and revenue post Bridge Agreement. No acceleration was taken into consideration. The 50 million dollar risk payment was considered in the calculation.

In attachment 5.2.4 the financial cost estimate took into consideration that contractor would have to finance the work to be able to complete the project. The financial cost was estimated at 4%.

The estimated financial cost calculated - October 2016 to project completion is $ 29,889,132 (3) as per attachment 5.2.4. The financial cost to completion identified in the Bridge Agreement period, as per attachment 5.2.1, is $10,292,160 (4)

The forecasted cost to complete is calculated as follows:

(3) - (4) = $19,596,972

## 5.3 Reduction in Hold Back Bond

Contractor has been asking Company to reduce the hold back bond requirements. Contractor formally disputed this issue in January 2018, LTR-CH0007001-2342.

Contractor's basis for the reduction is that 90% of the scope of work is completed and Company should no longer require the full hold back bond requirement.

Despite several requests, and Contractor's legitimate claim, Company has denied Contractor's request.

Contractor could have saved the following:

| | |
|---|---|
| Premium representing 10% of the contract amount at 10$/1 000 | $6 032 859.00 |
| Premium representing 5% of the contract amount at 10$/1 000 | - $5,833,958.00 |
| Potential savings beginning December 31st, 2017 | $198,901.00 |

**October 2016 to February 2018 Cost**

$ 198,901

**Estimate to Complete Cost:**

0

**Estimate at Completion Cost:**

$ 198,901

**Back up documentation:**

Attachment 5.3.1 – Fabrizio Tonucci email

# 6.0 Third Party Additional Services

## 6.1 Third Party Engineering

**Justification:**

Third Party engineering requirements imposed by Company shifted Company's engineering responsibilities and due diligence requirements in Technical Specification (03 11 00), Section 3.3.1.9 to Contractor.

Contractor basically had no choice but to comply since Company threatened to shut down Contractor's Work. Failure to comply would have resulted in further impacts to Contractor's work, and additional financial burdens.

In addition to the fact that Contractor incurred cost for Third Party services to fulfill Company's requests beyond regulations or to cover Company's obligations under Agreement, Company refused to allow Contractor to invoice the Third Party engineering services related to permanent Work as well. Company insisted that 3rd party engineering services were the Contractor's responsibility for which Contractor had no entitlement to claim until section 9.3, Exhibit 2 Compensation is fulfilled and the total Change Orders exceed 17.5% of Contract Price.

When an ECN, Site Instruction or Change Order are provided by Company involving a Third Party requirement, Contractor is entitled to invoice such services.

Contractor explicitly disagreed with Company's interpretation in this regard, but at no time delayed the work to prove its case.

List of engineering firms that Contractor engaged to perform various third Party verifications and reports are as follows:

- ü Stantec
- ü Tiller
- ü Rustan
- ü HGS
- ü Overhead Door (NFLD) LTD
- ü SWS
- ü Doka
- ü DRO

**From October 2016 up to February 2018 Cost**

$2,405,816

**Estimation to Complete Cost:**

$ 1,100,000

**Estimation at Completion Cost:**

$ 3,505,816

**Back up documentation:**

Attachment 6.1.1 – Summary table Incurred Third Party Cost
Attachment 6.1.2 – Invoices Stantec
Attachment 6.1.3 – Invoices Tiller
Attachment 6.1.4 – Invoices Rustan
Attachment 6.1.5 – Invoices HGS
Attachment 6.1.6 – Invoices Overhead Door (NFLD) LTD
Attachment 6.1.7 – Invoices SWS
Attachment 6.1.8 – Invoices Doka
Attachment 6.1.9 – Invoices DRO

**Doka/Formwork inspection**

Contractor had to engage Doka on a full time basis on site following an instruction from Company in July 2016 to cease all concrete work. Despite the fact that Contractor re-structured its Engineering department and was able to get the Stop Work Order from OHS, report 0671924, lifted in early 2016, and developed a temporary work procedure to manage all temporary structures on site, Company never allowed Contractor to minimize the needs for Third Party involvement.

Despite multiple letters and correspondence between Contractor and Company, Company rejected Contractor's requests and threatened to stop concrete operations if Third Party engineering was not present on site.

Contractor acknowledges the responsibility related to design of formwork, as outlined in the Concrete Formwork Technical Specification (03 11 00), Section 3.1.1-.4. However, the Technical Specification (03 11 00), Section 1.7, clearly states that the verification and review is the responsibility of the Company/Engineer. In addition to that, Contractor understands its obligation towards field quality control and inspection as outlined in the Concrete Formwork Technical Specification (03 11 00), Section 3.9 and therefore Contractor implemented a robust Quality/Temporary Works management program with respect to the management of formwork and falsework erection.

It is to be noted that the Technical Specification does not outline any requirement for Third Party pre-pour inspection of erected Formwork/Falsework. In fact, pre-Pour verification of Contractor's erected Formwork/Falsework, as outlined in Concrete Formwork Technical Specification (03 11 00), Section 3.3.1.9 is the responsibility of the Company/Engineer.

The Contractor, based on the specification sections referenced above, interprets these demands as moving the responsibility of the Company to the Contractor.

Contractor's temporary work procedure developed, is over and above the requirements of the Technical Specification. Because of Company's refusal to allow Contractor to proceed with the work without having a Third Party engineering firm to review design and inspect work on site, Contractor was forced to modify the Temporary work Matrix to account for the shifting of Company's responsibility to Contractor.

Contractor has the right to change management procedures as required and if needed, in order to reflect the changing conditions of the project as work progresses. Since Contractor's changes to the Matrix do not contradict the regulatory requirements or the specifications, Company's rejection of the changes was not reasonable and added extra contractual costs to Contractor.

Refer to the summary table and the payment certificates for more details (items with comment "PMT Fees") in the attachment 6.1.8

**Rustan**

Contractor had to maintain Rustan Consultant as a Third Party engineer to perform checks imposed by Company to avoid stoppage of work. Although, most of the work could have been designed, verified and approved by Contractor's own engineering resources, Company did not allow Contractor to proceed.

In the Completion Contract, Contractor did not forecast to have any cost for Third Parties beyond June 2017.

Main services provided by Rustan Consultants covered Temporary Work such as swing stages, accesses, temporary roof opening, dismantling of retaining walls, demolition of draft-tube formwork , etc…

**Tiller**

Contractor retained Tiller to comply with Company requests and avoid delays to site activities. Contractor did not budget for Tiller services toward the end of the job believing that re-structuring and improvements done to the Engineering department were satisfactory and enabled Contractor's Engineering team to perform in house some of the following design:

- ü roof opening 2fa36003834 Tiller / 2fa36003835 Tiller
- ü steel structure erection method and temporary bracing 2fa36003837 Tiller
- ü roof anchor 2fa36006286 Tiller

- ü Contractorlding repair detail 2fo36007900 Tiller
- ü Supermetal quality auditing 2fo36008057 Tiller/2fo36008074 Tiller
- ü Signing Completion Certificates for the structure
- ü Reinforcing Multi-Leaf Door Frame
- ü Etc.

**Stantec**

Company's continued direction to utilize Third Party in scope and permanent Work forced Contractor to engage Engineering firms such as Stantec despite Company's Engineer being obligated to provide such support.

For example, Contractor proposed to change the roof membrane from a cold application to a hot application. Following a Concession request submitted and approved by Company, Concession 587, Company insisted that Contractor engage an independent architect to verify/authenticate Shop Drawings, to help with the disposition of NCRs related and approve installation procedures.

Contractor submitted the Concession request to help Company achieve the winter work for the roofing and enclose the building earlier. Company specifications did not allow Contractor to progress during winter periods, which could have jeopardized Milestones achievement.

Company could have changed the requirements to allow the roofing work to progress under winter months with hot application options by simply issuing an ECN with updated drawings, Company did not but instead shifted responsibilities to Contractor which was left with no other choice than awarding the work to Stantec.

Other design activities performed by Stantec:

- ü HVAC, considered to be done in-house
- ü Kone Crane engineering requirements, since the equipment was designed and stamped in Ontario.
- ü Precast lab services, to perform QA requirements while it should have been within Company's obligations

**HGS**

Contractor awarded the precast design to SWS, a well reputed international firm.

Company rejected the designer and required Contractor to adopt another firm, HGS was selected. Involving HGS led to extra costs to Contractor after SWS services had already been paid for, in addition shifting Company's Engineer responsibility to Contractor led to further costs increases for HGS services. To note, once HGS completed design, it was actually very similar to SWS original design.

**Overhead Door (NFLD) LTD**

Overhead Door extra requirements Company imposed:

- ü Additional Bracing required for the Vertical Guide Assemblies for both sides of the door.
- ü The Electrical Cable Reel was defective and had to be replaced.
- ü The Electrical Cable Reel steel support was not adequate and required extra supports to be installed.
- ü The Magnetic contacts were not shipped with the initial shipment of electrical components.
- ü SSB door access was required by Contractor and other contractors causing door installation delays.
- ü Indotech provided an Engineer to provide technical support only.
- ü Indotech hired Overhead Door (NFLD) LTD to provide an experienced Installer / Technician to supervise the installation of the Multi Leaf door.

**SWS**

Company refused to pay Contractor for engineering services performed even for work related to permanent work.
Company shifted cost from Engineer to Contractor by sending ECN and site instructions to modify scope without updating the drawings asking Contractor to update and complete red line drawings and as built drawings. Contractor had to engage SWS to perform those tasks.
In addition, Contractor was not compensated for all Change Orders requiring the development of shop drawings, procedures and method statements.

**DRO**

DRO consultancy, was retained to assist Contractor with various studies, such as Secondary Concrete and Gate Guides Proposal, T&G Optimazitions, Mezzanine Accelerations, Intake Acceleration, Building Enclosure acceleration, etc., all of which Company should have paid for.

## 6.2 Third Party Quality

**Justification:**

Company directed Third Party Quality presence for oversight at Contractor's cost on a full time basis at Supermetal's facilities.

As per Civil Agreement, Contractor has to provide an inspection program in conformance with ISO 9001:2008. Contractor fulfilled all the requirements needed for certification and submittals as per Technical Specifications and performed all Inspection and Testing as per approved ITP's.

There was no requirement to have full time personnel either from Contractor or Third Party inspectors at the facility, as the subcontractor was ISO certified with an approved quality program in place, only surveillance, was required by Company and Contractor.

Below are Third Parties Quality Control and Assurance firms Contractor had to engage to fulfill Company's requirements beyond and above industry practices and contractual requirements:

- ü Charter Coating
- ü Accuren Group
- ü TISI Canada
- ü Mequaltech Labouratories

Company's onerous requirements were never lifted even when fabrication progress was meeting targets and Quality performance was meeting Specifications.

**From October 2016 up to February 2018 Cost**

$ 267,174

**Estimation to Complete Cost:**

$ 250,000

**Estimation at Completion Cost:**

$ 517,174

**Back up documentation:**

Attachment 6.2.1 – Summary table Incurred Cost by Company
Attachment 6.2.2 – Invoices Charter Coating
Attachment 6.2.3 – Invoices Accuren Group
Attachment 6.2.4 – Invoices TISI Canada
Attachment 6.2.5 – Invoices Mequaltech Labouratories

**Charter Coatings**
Charter Coatings is a Third Party service provider specialized in delamination failures hired by Contractor after the structural steel coating delamination issue arose. Charter Coatings performed the initial assessment of material coatings as well as NDT testing at the Dry Tech Facility at initial start-up. These services were in addition to what Subcontractor was being paid to perform and were only necessary due to Subcontractor's product failure.

**Accuren Group**
Accuren Group Inc. was hired to ensure Subcontractor QC Company, Mistress, had proper procedures in place and met Company's specifications.
At Company's direction, Accuren was brought to site in order to double-check the results from Ultrasonic Testing performed on welds of the crane girders by TISI.

**TISI Canada**
TISI is a third party NDT service provider hired by Contractor to perform VT and other NDT on welds across various scopes of work. After the structural steel weld testing failures at Supermetal's facility, Company directed that specific beams and crane girders be re-inspected by Contractor; these items had previously passed Supermetal's QC process and were already shipped to site. TISI was used to perform the additional testing requested by Company.

**Mequaltech Laboratories**
Mequaltech Laboratories is a Third Party NDT service provider hired by Contractor following the structural steel weld testing failures and structural steel coating failures. The subcontractor had its own QC provider (Mistress), but Company directed that Contractor provide additional QA/QC services at the fabrication shops. The NACE certified Mequaltech representatives were present at Supermetal's fabrication facility to perform VT on each load of steel prior to being released and to spot check Mistress' testing. Further, Mequaltech representatives were required to attend the Dry Tech facility for initial quality checks during start-up and returned periodically to ensure all steel coatings met proper specifications.

# 7.0 Engineering

## 7.1 SWS On Site

**Justification:**

Contractor forecasted a reduction in the onsite SWS engineering services at the beginning of June 2017. Company directed and imposed extra studies, optimizations, change orders, ECN's, estimates and coordination of third party requirements necessitated that additional SWS personnel had to be retained.

To date, costs incurred and estimates to complete are presented in table 8.

| MONTH | Cost per person | Completion Contract n. of resources | Actual n. of resources | Total Risk |
|---|---|---|---|---|
| **Jul-17** | **22,000** | **0** | **3** | **66,000.00** |
| **Aug-17** | **22,000** | **0** | **3** | **66,000.00** |

# 8.0 Quality

## 8.1 Contractor Quality Inspection and Testing at Subcontractor's Facility

Company required Contractor's presence for oversight at Contractor's cost on a full time basis at Supermetal's facilities.

As per Civil Agreement, Contractor has to provide an inspection program in conformance with ISO 9001:2008. Contractor fulfilled all the requirements needed for certification and submittals as per Technical Specifications and performed all inspection and testing as per approved ITP's.

There was no requirement to have full time personnel either from Contractor or Third Party inspectors at the facility, as the subcontractor was ISO certified with an approved quality program in place. The only surveillance that was required was by both Company and Contractor.

Contractor had to be deploy resources to Subcontractors' and suppliers' facilities to comply with Company's onerous requirements.

***Staff quality assurance***

- Super Metal facility

  Inspector: 2,305 hours x 110 /hours: $ 253,550

- Saramac facility

  Inspector: 854 hours x 110 /hours: $ 93,940

**From October 2016 up to February 2018 Cost**

$ 347,490

**Estimation to Complete Cost:**

$ 0

**Estimation at Completion Cost:**

$ 347,490

Attention: Mr. D Delarosbil – Project Manager, LCP – Muskrat Falls

Dear Mr. Delarosbil:

**Re: Temporary Electrical & Mechanical Installations**
**Astaldi Temporary Power Account Reconciliation – Includes "8021" Generator Remediation Settlement**
**IT022-AST-0135**

This letter will serve as confirmation of the agreement made between Iskueteu, a Limited Partnership (Iskueteu) and Astaldi Canada Inc. (Astaldi) to settle all outstanding claims, demands, actions, suits and proceedings on the following basis:

1. Astaldi agrees to pay Iskueteu the sum of Three Hundred Thirty-Five Thousand Dollars ($335,000.00), plus HST, in settlement of Iskueteu's claim for generator remediation services provided under a subcontract for temporary services with Astaldi (*ACI-B.P-002)* - a claim of which the parties agreed to have determined by way of arbitration (the "Arbitration Claim").

2. Iskueteu agrees to withdraw the Arbitration Claim with no order as to costs.

3. Astaldi agrees to withdraw its counterclaim as set out in its Statement of Defence and Counterclaim filed in response to the Arbitration Claim with no order as to costs.

4. Astaldi agrees to pay Iskueteu the total sum of **$335,000.00 + $15,000.00 = $350,000.00,** representing monies owed to Iskueteu under this subcontract. In addition to the above settlement value Iskueteu is still owed payment for holdback and payment against agreed invoice J002250 for **$14,601.29,** all monies are subject to applicable HST.

5. Payment is to be made no later than ~~December 11th, 2017~~ January-15-2018

On behalf of Iskueteu, I, John Henley, have signed this letter indicating acceptance of these terms of settlement, and would request that you, Don Delarosbil, indicate your acceptance of these terms of settlement as well by executing one copy of this letter and returning it to me forthwith.

**ACCEPTED AND AGREED ON BEHALF OF ASTALDI CANADA INC.**
**THIS 5 DAY OF December 2017.**

Don Delarosbil
Astaldi Canada Inc.

**ACCEPTED AND AGREED ON BEHALF OF ISKUETEU, A LIMITED PARTNERSHIP**
**THIS 4 DAY OF December, 2017.**

John J Henley
Iskueteu, a limited Partnership

Sincerely,

John J. Henley
Vice President Technical

## CLAIM FOR LIEN

1. **CONSTRUCTIONS PROCO INC.**, a body corporate duly incorporated under the laws of Canada (the "*Lien Claimant*"), claims a lien upon the estate and interest of **ASTALDI CANADA INC.**, a body corporate duly incorporated under the laws of Canada (the "*General Contractor*"), and **MUSKRAT FALLS CORPORATION**, a body corporate duly incorporated under the laws of the Province of Newfoundland and Labrador("*MFC*"), and/or **NALCOR ENERGY**, a body corporate duly incorporated under the laws of the Province of Newfoundland and Labrador ("*Nalcor*") and in the undermentioned lands and properties, in respect of the following work that is to say:

   The provision of labour, equipment and materials concerning supply, Fabrication and installation of structural steel, insulation and cladding of the Integrated Covering System (hereinafter the « ICS »), which were provided pursuant to a subcontract with Astaldi Canada inc. signed on january 6th 2014.

2. The description of the lands to be charged is all the lands and properties known as:

   Muskrat Falls Project hydroelectric generating station and concrete dam construction site, located in the immediate vicinity of Muskrat Falls on the Lower Churchill River, west of Happy Valley-Goose Bay, in the Province of Newfoundland

and Labrador, Canada, together with all roads, whether permanent or temporary, owned and/or operated by MFC and/or Nalcor providing ingress and egress thereto and therefrom, all buildings, erections and all other appurtenances and improvements thereon.

3. The name and address for service of the entities that the Lien Claimant believes to be the owner of the land as defined in the *Mechanics' Lien Act* are:

MUSKRAT FALLS CORPORATION
P.O. Box 15000, Station A
500 Columbus Drive
St. John's, NL A1B 0M4

and/or

NALCOR ENERGY
P.O. Box 12400
500 Columbus Drive
St. John's, NL A1B 4K7

4. The said work and services were provided by the Lien Claimant at the request of the General Contractor, whose address for service in the Province of Newfoundland and Labrador is:

ASTALDI CANADA INC.
69 Elizabeth Avenue
St. John's, NL A1A 1W8

5. The name and address for service of the Lien Claimant is:

CONSTRUCTIONS PROCO INC.
c/o Benson Buffett PLC Inc.
Suite 900, Atlantic Place
215 Water Street
P.O. Box 1538
St. John's, NL A1C 5N8
Attention: Jeffrey P. Benson, QC

6. The work and services provided in relation to the said lands and properties are generally described as supply, fabrication and installation of steel structure, wall and roof cladding of the I.C.S. temporary building.

7. The said work and services were performed and/or delivered throughout 2014 and the subcontract has been terminated by Astaldi on December 20th 2014.

8. The amount claimed and due is ***$11,900,000.00*** and such other amounts to be determined in the future.

9. In addition, this lien shall be a charge on holdback funds held with respect to the said lands and properties pursuant to the provisions of the *Mechanics' Lien Act*.

**DATED** at Alma, in the Province of Quebec, Canada, this 7 day of January, 2015.

**ATTACHMENT TO SUBCONTRACT CHANGE ORDER ACI-SUP-CO-007**

Effective as of 16 January 2017

Between:

Astaldi Canada Inc. (Contractor)

and

Supermetal Structures Inc. (Subcontractor)

**WHEREAS** Contractor and Subcontractor entered into the Structural and Miscellaneous Steel Fabrication and Supply Agreement, Agreement No. ACI-18, dated 31 October 2014 (the "Agreement");

**WHEREAS** the Parties acknowledge the costs to Subcontractor to complete the Work exceed the amount remaining to be paid under the Agreement as has been detailed in "Subcontractor Claim" dated 19 July 2016 and subsequently revised and resubmitted in September 2016.

**AND WHEREAS** it is in the best interests of both parties that conditions be found under which the Work under the Agreement may continue to Final Completion;

**NOW THEREFORE IN CONSIDERATION OF THEIR MUTUAL PROMISES** and the exchange of consideration, the receipt and sufficiency of which is hereby duly and irrevocably acknowledged, **THE PARTIES HERETO AGREE AS FOLLOWS:**

**Subcontract Price**

1. Notwithstanding Section 4, Prices and Annex III, Unit Prices and Bill of Quantities of the Subcontract, the Subcontract Price is hereby adjusted to give a projected total subcontract price of $30,140,547.98 CAD, inclusive of all direct, indirect and any other costs of performing the work to meet the fabrication schedule included in Appendix A herein (which replaces the schedule table included within Annex II - Programme of Works of the Agreement).
2. For greater certainty:
   a. The projected total subcontract price is inclusive of all escalations, changes, change orders, change requests or claims known or ought to have been known as of 16 January 2017.
   b. Neither party will assess or claim unrecovered back charges for issues which have occurred prior to and including 16 January 2017 that are not included in Subcontractor Claim.
   c. All dollar amounts are exclusive of HST and in Canadian dollars.

**Payment for Work Performed to Final Completion**

3. Contractor will continue to pay unit prices as per Article 6, Terms of Payment and Annex III - Unit Prices and Bill of Quantities of the Agreement.

**Advance Payment**

4. Contractor will provide an advance payment as follows:
   a. One million five hundred thousand dollars ($1,500,000.00) CAD for advance payment of raw materials conditional to Subcontractor providing a vesting certificate. The payment shall be made upon receiving the vesting certificate, with a detailed list of materials procured and available at Subcontractor's facilities. This payment does not serve to alter the subcontract price.

b. Second release shall be 95% of what is being held associated with the work scope elements of Unit 1 structural steel materials, 45 days after receipt of a Quality Compliance Certificate to be issued by Contractor after Subcontractor has achieved substantial delivery of Unit 1 structural steel materials.
c. Third release shall be 95% of what is being held associated with the work scope elements of Unit 2 structural steel materials, 45 days after receipt of a Quality Compliance Certificate to be issued by Contractor after Subcontractor has achieved substantial delivery of Unit 2 structural steel materials.
d. Fourth release shall be 95% of what is being held associated with the work scope elements of Unit 3 structural steel materials, 45 days after receipt of a Quality Compliance Certificate to be issued by Contractor after Subcontractor has achieved substantial delivery of Unit 3 structural steel materials.
e. Fifth release shall be 95% of what is being held associated with the work scope elements of Unit 4 structural steel materials, 45 days after receipt of a Quality Compliance Certificate to be issued by Contractor after Subcontractor has achieved substantial delivery of Unit 4 structural steel materials.
f. Final release of all remaining holdback shall be 45 days after Subcontractor receives final Certificate of Completion of entire Subcontracted Works from Contractor, and Subcontractor issues an unconditional release and proof that all suppliers were fully paid for all work scope elements.

**Liquidated Damages**

7. Annex VI – Liquidated Damages for Delays in the Agreement is revised as follows:
   a. Subcontractor's limit of liability for liquidated damages shall be a maximum of 5% of the Subcontract price.
   b. Contractor waives its rights to assess or claim liquidated damages for any Agreement Milestones which have not been achieved by the dates specified in the Agreement and which would have accrued to 16 January 2017.
   c. Should Subcontractor fail to achieve any of the new work scope elements by the dates specified in Appendix A, then Subcontractor shall pay $5,000.00 CAN/day for each and every calendar day that the completion of a specific work scope element is delayed.
   d. Should a work scope element be achieved prior to day 15 of any such delay, then all accrued liquidated damages for that particular work scope element will be waived. Should the delay to a work scope element reach 15 days or more then the accrued liquidated damages will become due and payable and subject to deduction from Subcontractor's next invoice.

**Default**

8. If Subcontractor denies access to Contractor or Company inspectors or any other related personnel to its facilities, regardless of the reason claimed, Subcontractor shall be deemed to be in default and subject to Contractor having right to terminate the Subcontract.
9. Contractor advises that rather than denying Company inspectors access to Subcontractor's fabrication facilities, should Subcontractor believe it has a future claim for superfluous testing or Company overzealous inspection, it could elevate a claim on the basis of Article 16.8 of the Main Contract.

**General**

22. Unless otherwise defines, all capitalized terms and expressions used herein shall have the meaning respectively ascribed thereto in the Agreement. Unless otherwise stated, references to a paragraph number are references to that numbered paragraph in this Change Order.
23. Subcontractor confirms that upon execution of this Change Order and with the compensation contemplated herein it has all necessary resources, including financial resources, which it requires to perform the Work to Final Completion in accordance with the Agreement and this Change Order. Subcontractor confirms that it has diligently assessed the work remaining to be completed under the Agreement and this Change Order and represents to Contractor that it is not aware of and does not anticipate the occurrence of any facts, circumstances, events or conditions that will delay Subcontractor's ability to meet the work scope element dates or that may ground any claim for schedule extension by Change Order.

Notes:

1 Fabrication end date means the date the last piece of steel required for the lot is available for shipping. It is to be understood that the amount of time that it takes to get the shipping release authorization (SRA) approved, truck loading and shipment durations will add additional time to these dates and will factor into the actual date the steel arrives on site.

| Date | Description | ECN # | Supermetal Letter # | Amount |

Notes: Cost of ECN's identified above to be added to projected total subcontract price.

**Lanza Danilo**

**From:** Caroline Bisson <caroline.bisson@supermetal.com>
**Sent:** February-08-17 4:09 PM
**To:** Lanza Danilo
**Cc:** Barreto Francisco
**Subject:** Invoice Claim $3M

Danilo/Francisco,

We have no problems to issue an invoice for the total amount of $3M.

You will pay the first $ 500,000.00 plus HST on the total amount of $3M.

Danilo, when you will issue the next certificate of payment, Supermetal will indicate a note at the bottom of each certificate as:

$ 500,000.00 on the $ 3,000,000.00 paid on : ect ect.

Please let me know if you agree.

SUPERMÉTAL

JAN 11/2017

## Timetable

Unless otherwise agreed, and subject to the General Terms and Conditions of the Agreement, we expect to perform the Services during the period from the date of the present letter

## Contacts

You have identified Robert Gregoire as your contact with whom we should communicate about these Services. Your contact at EY for these Services will be Denis Chalifour.

## Fees

The General Terms and Conditions of the Agreement address our fees and expenses generally. The obligation to pay our fees is not contingent upon the nature of our findings or the outcome of the Matter.

You shall pay our fees for the Services based on actual time incurred at the following hourly rates, plus expenses:

The timely availability of complete and accurate information and personnel will affect the amount of time and expense we may incur and therefore the fees and expenses charged.

We may revise these rates from time to time upon notice to you.

| Rank | Hourly rate |
|---|---|
| Partner/Associate Partner | Cdn$624 |
| Associate Partner | CdN$520 |
| Senior Manager | Cdn$465 |
| Manager | Cdn$365 |
| Senior Staff | Cdn$260 |
| Staff/Associate | Cdn$155 |

In addition to the professional fees set out above, the Company agrees to reimburse EY for its out-of-pocket expenses for items such as travel, meals, accommodation and other matters specifically related to this engagement will also be invoiced.

We will bill you for our fees and expenses incurred (and applicable taxes, if any) twice per month, in summary fashion, including information as to total hours and applicable rates. Payment is due upon receipt of our invoice. EY may suspend performance of the Services in the event you fail to pay our invoice, and amounts due must be paid to us in full before we will issue any Report or provide testimony, or upon settlement or other resolution of the Matter.

Please indicate your agreement with the terms of this engagement by executing this SOW in the space provided below and returning it to Denis Chalifour so that we may start work on this project.

**CONFIDENTIAL**

October 13, 2016

Mr. Robert Gregoire
Senior Contract Manager
**ASTALDI CANADA INC.**
114 Hamilton River Road
New Found Land,
Labrador, A0P 1C0

**Statement of work – *Assistance in reviewing SuperMétal's request for compensation***

Dear Mr. Gregoire:

This Statement of Work, dated October 7, 2016 (this "SOW"), is made by the Canadian firm of Ernst & Young LLP ("we" or "EY") and Astaldi Canada Inc. ("Astaldi", "you" or the "Client") pursuant to the Agreement, dated October 7, 2016 (the "Agreement"), between EY and Astaldi.

Except as otherwise set forth in this SOW, this SOW incorporates by reference, and is deemed to be a part of, the Agreement. The additional terms and conditions of this SOW shall apply only to the advisory Services covered by this SOW and not to Services covered by any other Statement of Work pursuant to the Agreement. Capitalized terms used, but not otherwise defined, in this SOW shall have the meanings in the Agreement. For the purposes of this SOW, references in the Agreement to "you" or "Client", "we" or "EY" shall be deemed to be references to those terms as they are defined above.

If you ask us to begin work before you execute and return this SOW to us, you will be deemed to have agreed to its terms.

## Scope of Services

On October 31, 2014, a Structural and Miscellaneous Steel Fabrication and Supply Agreement (the "Agreement"), was entered into by Astaldi and Supermétal Structures inc. ("Supermetal").

Supermetal alleges based on the Agreement, Annex II, Programme of Works, delivery has been delayed by Astaldi. Supermetal further alleges that this delay caused it significant financial damages. Supermetal is also claiming that the presence of Astaldi's inspectors at its plant caused it further financial damages and additional difficulties in delivering a quality product on time.

Yours very truly,

Ernst & Young LLP

Robert Gregoire
Senior Contracts Manager
**Astaldi Canada**
114 Hamilton River Road
Happy Valley-Goose Bay, NL, A0P1

Dear Mr Gregoire,

Thank you for choosing the Canadian firm of Ernst & Young LLP ("we" or "EY") to perform professional services (the "Services") for Astaldi Canada ("you" or "Client"). We appreciate the opportunity to assist you and look forward to working with you.

For each project that we agree to undertake for you, we will prepare a Statement of Work describing the particular Services to be provided, our fees, and any other project-specific arrangements. All of the Services will be subject to the terms and conditions of this letter, the attached General Terms and Conditions, and the applicable Statement of Work (together, this "Agreement").

We may enter into Statements of Work with you for a period of five years following the date of this letter, although we may agree with you to extend that period, including by executing additional Statements of Work referencing this Agreement.

Please sign this letter in the space provided below to indicate your agreement with these arrangements and return it to Denis Chalifour at your earliest convenience. If you have any questions about any of these materials, please do not hesitate to contact Denis Chalifour so that we can address any issues you identify before we begin to provide any Services.

Yours very truly,

Ernst & Young LLP

LOWER CHURCHILL PROJECT – MUSKRAT FALLS
CH0007: CONSTRUCTION OF INTAKE AND POWERHOUSE,
SPILLWAY AND TRANSITION DAMS

# PURCHASE ORDER

Order : E30010715 Date 19-10-16 Page 3

IN ADDITION TO A SIGNED COPY OF THE ASTALDI CANADA PURCHASE ORDER, WHEN SUBMITTING INVOICE

1. DELIVERY, TIME AND MANNER, PRIME CONTRACT

Delivery of Goods & Services shall be made at the location herein specified during regular business hours unless the parties agree to another time of delivery. Seller shall notify Buyer by telephone of the expected time of delivery as soon as such a time can be reasonably determined. All Goods and/or any container in which Goods are delivered shall be accompanied by or have affixed hereto a detailed packing list or lists. Seller acknowledges that he Goods are being ordered in connection with a construction project and other building projects (The Project ) for which Buyer is under contract (the Prime Contract ) with either private owners or governmental institutions, (hereinafter collectively referred to as the Principal ), and further acknowledges that Seller s ability to perform its other obligations with respect to the Project is therefore, a primary basis for the bargain represented by the Agreement.

In light of the foregoing facts known to Seller, Buyer shall have the option to immediately cancel this Agreement if delivery of the Goods is not made when required by Buyer (time being of the essence) and failure of timely delivery as set forth in this Agreement shall be a breach of this Agreement, regardless of the cause of such failure. Seller further agrees that Buyer may, when coordination of construction operations for the Project necessitates, require changes to the schedule for delivery of the Goods. In the event the Prime Contract is terminated for any reason other than a default by Buyer, the Agreement shall terminate and Buyer shall be relieved of any liability of duty to Seller. Seller in accepting this order, agrees to abide by all the terms and conditions contained herein or in the Prime Contract (as same may affect Buyer or Seller) including without limitation, all specifications attached hereto and set forth in the Prime Contract.

2. ACCEPTANCE OF GOODS, REVOCATION

Buyer shall have a period of ten days following the date of delivery of the Goods within which cause said Goods to be inspected and to notify Seller of an intention to reject all or any portion of the Goods for failure to said goods or their tender of delivery to conform to this Agreement. Express notice of acceptance to Seller during said ten days shall constitute acceptance of said Goods. Risk of loss and title to the Goods shall pass from Seller to Buyer only upon acceptance of the Goods. Buyer exercise of any right of inspection prior to delivery shall not affect the right of inspection following delivery, nor shall the conclusion of any inspection after delivery or the payment of all or any part of the Purchase Price be deemed acceptance of the Goods. Buyer shall have the rights to reject all or any portion of the Goods, to revoke acceptance of the Goods and to seek any remedy for breach of the Agreement notwithstanding acceptance of the Goods, as such rights may be granted by Canadian law or any other statute or granted and/or broadened by this Agreement. In the event that Buyer rejects or revokes acceptance of all or any portion of the Goods.

Buyer may in addition to rights to resale as provided by law, arrange for the return of such Goods to the point of origin of Seller s delivery, with the cost of such return to be paid by Seller to Buyer with reimbursement for the cost of storage, purchase price and taxes, if any, already paid by Buyer for such returned Goods. Payment by Seller hereunder shall be due and payable to Buyer within ten days of notice of rejection or revocation of acceptance. Notwithstanding anything therein to the contrary, if during period set forth in the Prime Contract, the Principal determines that any goods provided by Seller are non-conforming to the standards and specifications of the Prime Agreement, regardless of whether Buyer has had an opportunity to discover or should have discovered any such non-conformity or whether such Goods have been incorporated into the Project or their condition has otherwise changed to such an extent that their return to Seller is impracticable. Seller shall be in breach of this Agreement and Buyer s rights shall include such remedies and damages for breach in regard to accepted goods or in regard to rejected goods.

3. WARRANTIES

In addition to all warranties, expressed and implied, set forth in Canadian Statutes, which warranties Seller hereby makes to Buyer, Seller further warrants that the goods shall be free from defects in material and/or workmanship and that they conform to all applicable specifications, drawings, samples. All warranties and representations herein expressly made or incorporated by reference shall inure to the benefit of Buyer and its successors or assigns. In addition, Seller warrants that neither the Goods nor fact of Seller providing the Goods to the Buyer violate any statute, ordinance, Canadian or foreign patent or trademark. Seller acknowledges that the Prime Contract has been made available to Seller at Buyer s office located at 780 Brewster Street, Suite 300, Montreal (QC) H4C 2K1.

4. ASSURANCES OF PERFORMANCE

In addition to any other assurances of performance to which Buyer may be entitled under law, Buyer, its designee and/or its Principal shall have the rights to make such inspections of the Seller s facilities and progress of work and/or otherwise

ASTALDI CANADA Inc

# PURCHASE ORDER

Order : E30010715 Date 19-10-16 Page 6

the Seller shall immediately make all of its books and reports available to Buyer for review and audit. Notwithstanding the foregoing, if Buyer is either required under the Prime Contract, or requested by Principal, to have any dispute resolved in a forum other than above, Seller agrees to the obligations contained in this paragraph with respect to such forum.

14. ASSIGNMENT

This purchase order is issued to the Seller in reliance upon his personal performance of the duties imposed by accepting same the Seller agrees not to assign this order or delegate the performance of its duties without the consent in writing of Buyer. Any such assignment of the delegation attempted without the previous written consent of Buyer shall effect at the option of Buyer, a cancellation of all Buyer obligations hereunder.

Objet : 2018 04 18_S164, Muskrat Falls | BAFO Change Orders

Hello Georges

Thank you for taking the time on Monday to come to an agreement. We certainly don't wish that Astaldi closes out the Project with a sour taste.

We are not in the business of claims or extras, but we believe, like you do as well I am sure, to fairness in business. You were very well placed to witness Saramac's commitment to serving this Project.
As a reminder, Mr. Bibeau himself committed to disturbing existing operations and other customers deadlines (losing acceleration bonuses among other consequences), fighting literally a fire and n the course still favouring your Project by shifting the fabrication to Schokbeton, and the list goes on and on:, Re-Work of material, stop and go, design changes, Astaldi's micromanagement etc.

Those Change Requests are the result of actual additional costs and we welcome you to verify the books in order to confirm the same.

This could have been a subject of a good case claim, which we didn't want to entertain favouring future relationship.
We just want you to consider WHAT IS FAIR. To continue in this spirit we wish to offer the following:

1- CR102: We agree to your offer
2- CR103: Approved by Mr. Walsh already
3- CR104: Approved during our last conversation for quantum and merit however we forego the OH and Profit
4- CR105: Additional hardware, was the debated topic. We reduced our labor costs for the Transversal panels, let go the labor for Longitudinal panels and forego as well the OH and Profit.

Hence, the summary of costs is :

| Summary of Extra Work Orders | | Saramac's proposal | Astaldi's offer to Saramac | Saramac's BAFO |
|---|---|---|---|---|
| Extra work order | Description | | | |
| CR#102 | Rental of Racks | 28,146 $ | 9,900 $ | 9,900 $ |
| CR#103 | Demurrage/detention costs | 1,701 $ | 1,701 $ | 1,701 $ |
| CR#104 | Additional reinforcement for 40 transversal panels only | 97,444 $ | 84,734 $ | 84,734 $ |
| CR#105 | Additional Cost of Hardware for all the Project | 168,111 $ | 17,000 $ | 126,789 $ |

| | | |
|---|---|---|
| 295,402 $ | 113,335 $ | 223,124 $ |

Please issue a Change Order of 223,124$ prior to shipping of material.

Trusting you will give this proposal your diligent approval,

Best regards,

---

Objet : RE: 2018 03 28_S164, Muskrat Falls | Revised CR#105

Hi Christian,

It was unfortunate that our call on April 10th went a little sideways. I am sincerely trying to help and for me to do that I must be able to understand and justify the additional costs. Give me a chance to walk you through my assessment and some of the details.

CR#102: Rack Rental,

I may be wrong but I thought the racks were never used and that is why I don't understand why we are being charged, if you have an explanation please share it with me.

The Racks that were used should have been included in the unit rates, if I am wrong then let's discuss. We offered $9,900 based on $55/day per set for 30 days assuming at peak of 12 panels on site.
CR#103 – was resolved and approved by James Walsh

CR# 104 additional steel costs for transversal panels. We agree with the quantities submitted all I need is for you to share the details on how your cost was developed.

CR# 105: Additional Hardware
I don't quite understand your excel spreadsheet. We need to walk through this spread sheet together. My calculations shows the additional hardware quantities are 10,993 lb and you are claiming 71,552 lbs. this is 7 times more! we both need to understand why we are so far apart, if it is an underestimation from your side or real discrepancies between SNC IFC and HGS IFC drawings.

Christian, I believe it is up to you and me to negotiate a fair deal for each of our companies and the only way we will get there is if we take the time to exchange our information and listen to each other's point of view. You have my word that I will listen and be fair.

To move forward I would like to have a phone conversation between you and me only so that we can work on reaching an understanding that will satisfy both parties.

Christian please get back to me with a date and time that would be convenient for you to have this call so we can get this all sorted out.

Thank you

Subject: 2018 03 28_S164, Muskrat Falls | Revised CR#105

Georges

AS per our discussion of this morning, we are awaiting your assessment of

- CR#102: Rack rental à 28,146$
- CR#103: Detention Costs à 1,700$
- CR#104: Additional steel costs for Transversal panels à 97,444$
- CR#105: Additional hardware costs: Material only for insulated panels and Labor and Material for Transversal panels. Here is our Excel Matrix that will help you in your assessment. We come up with 168,111$ in lieu of 304,902$ by excluding the portion of the labor of the insulated panels. (Note: First tab is Estimate, second tab is Transversal , third Tab is Insulated, and Fourth Tab is Summary of Costs)

Trusting all clear,

Thank you

Inv. 31102016

## SETTLEMENT AGREEMENT

This settlement agreement is made between Astaldi Canada Inc. (Astaldi) and Teamsters Local 855 (Local 855) and executed by duly authorized officers of Astaldi and Local 855.

Astaldi and Teamsters Local 855 hereby agree as follows:

1. Astaldi shall pay Local 855 the lump sum of $300,000.00 (CDN) and the said payment in full shall be made by Astaldi and received by Local 855 within thirty (30) calendar days of the date of signing of this settlement agreement by Astaldi and Local 855;

2. The one (1) Name Hire Dispatcher position as discussed, shall be reinstated and Astaldi shall submit the manpower request for this one (1) Dispatcher position to the Local 855 Union Hall and the one (1) Dispatcher position and the associated manpower request shall be implemented forthwith and be effective from the date of signing of this settlement agreement by Astaldi and Local 855;

3. The C3 Laydown (Dome #1 & Doka Forms) work shall fall under and be governed by Local 855's Trade Appendix to the collective agreement and more particularly, same shall require the employment of Local 855 personnel in the Group 4 Warehouse Personnel classification, and this employment and the associated manpower requests shall be implemented and be effective as of Thursday, August 25, 2016;

4. The issue with the two (2) Foremen positions shall be addressed and resolved in accordance with Local 855 discussions with Astaldi as to the position of Local 855 and this change shall be implemented forthwith and be effective as of Thursday, August 25, 2016;

5. Astaldi shall pay 100% of Arbitrator Oakley's fees, charges and expenses for the damages hearing scheduled for next week or the cancellation of same;

6. In consideration of Astaldi's agreement to and compliance with the foregoing terms and conditions, Local 855 agrees that Grievance MF #090 shall be fully and finally settled, subject however to Arbitrator Oakley remaining seized of the grievance and arbitration case, as well as any dispute arising from the terms and conditions of this settlement agreement, the implementation of same or the enforcement thereof and in any such instance, matter or dispute now or hereinafter arising, Astaldi shall pay 100% of Arbitrator Oakley's fees, charges and expenses; and

7. This settlement agreement may be executed in counterparts and transmitted by facsimile, email attachment in pdf or any other means of electronic transmission and each such counterpart constitutes an original and all of which taken together constitute one and the same instrument.

AGREED to this 17th day of August, 2016

## Barreto Francisco

**From:** Mackeigan Peter
**Sent:** Saturday, October 29, 2016 10:34 AM
**To:** Martinenghi Ruggero
**Cc:** Delarosbil Donald; Porru Andrea; Barreto Francisco; Tonucci Fabrizio
**Subject:** RE: Unions settlements

**Importance:** High

Gentleman,

The settlements are not for lost wages but damages to each of the respective Unions identified – Teamsters and Carpenters. This is to avoid any further litigation in respect to valid claims against Astaldi brought forward by the respective Unions . The amounts specified are for the individual Unions and not individual employees or Union members. Therefore, any payroll burdens or so forth do not apply in these circumstances as the Union was the wounded party.

As discussed with Don yesterday the Teamster settlement needs to be paid forthwith or we face up to a million in damages by the 2 Nov 16.

Peter

**Subject:** FW: Unions settlements

Good morning,
with regards to the attached settlements with the respective Unions, please find below the comments provided by the tax consultant ErnstYoung.
So, in order to process the payments, it will be necessary to request the Unions the written answers to the two highlighted points.

Thanks.

RM

**À :** Bedjou Bachir <B.Bedjou@Astaldi.com>
**Objet :** RE: Contrat avec les unions

Bonjour Bachir,

It appears in both settlements that this is a lump sum payment, i.e., not specifically attributable to employee's salary/remuneration. As a general rule, in these cases there is no tax withholding nor payroll tax to be done by Astaldi on the payments to the unions.
That being said, Astaldi should ask the Union the following questions (unless Astaldi has already the information and it is in writing):

- Are these 2 payments for salary/remuneration or for other expenses? If it is remuneration; the amount may be taxable or not taxable to the employees.
- If it is remuneration to the employees, is the union issuing the T4 slip and withholding the tax (if salary is taxable) and paying the payroll tax?

Astaldi should keep documentation of the responses from the unions to demonstrate they have done their due diligence with regards to the payroll tax on these payments, especially if the answers are that this is not remuneration or if the unions are taking care of the withholding tax and slips. This is because as an employer (or ex-employer) of these employees, Astaldi has the responsibility to ensure that they do not have payroll obligations regarding payments to the employees.

Settlement out of Court → 6370 0009 → 5th dim → 300900

**Subject:** OE hours owed Aug 11 and Aug 24

Good Afternoon Andre

Sorry it has taken so long since we spoke regarding those hours from Aug 11 and Aug 24, we were waiting on correspondence from our Lead Concrete Super and had to verify hours worked.

In order for our accounting department to reimburse the Hall for those hours we would require an invoice from you for the amount of **$ 1,256.04.**

**Below is the breakdown of the hours paid:**

OE-G3

| | BASIC RATE | | LCP | NS Prem | 13% Vac | *HLTHBEN | *TRNPRMO | *MBRBENS | *CHARITY | *904PEN | *RDCIF | *CBTF | 904MFAP | |

LOWER CHURCHILL PROJECT – MUSKRAT FALLS

CH0007: CONSTRUCTION OF INTAKE AND POWER HOUSE, SPILLWAY AND TRANSITION DAMS

July 18, 2017

RE: Maxime Charpentier Settlement

Payroll,

On July 17, 2017 I attended a mediation meeting in Montreal concerning the employees termination listed above.

The agreement for the out of court settlement is as follows:

[redacted] to be deposited into Maxime Charpentier's RRSP account, information provided below:

**Manulife**
**Policy:** [redacted]
**Member Number:** [redacted]

Mr. Charpentier has provided a copy of his last notice of assessment from the federal fiscal authorities.

The above payment must be deposited by Astaldi Canada within 15 days of the above date.

Gayle Foley
Human Resources Manager

**Cc:** Hatcher Connie
**Subject:** RE: RRSP account informations

Thank you Max

I have notified our payroll for the processing. I have copied Connie Hatcher, our Payroll Manager, if you have any questions.

Ms. Hatcher will be able to provide you with the date of deposit. With this deposit there will be a T4A generated to reflect the amount processed in your RRSPs.

Thank you

Gayle Foley

**Subject:** 5th dimension

Hi Valerio
Could you please provide the 5th dimension for the following

1. Ledger 6370.0009 Out of court settlement, (document attached, value CAD 35000/-)
2. Ledger 7410.0099 Other revenues (there are some deduction done for Union employee for PPE, Airlines Ticket, Defense driving courses, which will be registered in this ledger, attached is the document).

Give me a call if you have any doubt.
Thanks

Francisco Barreto

Good Morning John,

As per our conversation, please touch base with ADP and see how quickly we can get a cheque cut and mailed to site for Shem Evans (ACS0074).

We will be paying out his prorated bonus amount of $4574.70. Note that this amount cannot be paid via direct deposit nor have him this cheque sent directly to him.

INV: 3009 2016

**NOW THEREFORE:**

1. The Contractor agrees to pay to the Union one hundred and four thousand, nine hundred dollars ($104,900.00), as a lump sum payment, in avoidance of further litigation.
2. The Council of Unions and the Union agree to withdraw the Grievance and agree that no further grievances, actions or claim will be filed arising out of the herein matter.
3. The Parties agree that these Minutes of Settlement are entered into on a without prejudice basis and may not be used as precedent in any subsequent proceeding.

IN THE MATTER OF A GRIEVANCE UNDER THE COLLECTIVE AGREEMENT FOR THE CONSTRUCTION OF THE LOWER CHURCHILL HYDROELECTRIC GENERATION PROJECT AT MUSKRAT FALLS ON THE LOWER CHURCHILL RIVER NEWFOUNDLAND AND LABRADOR

BETWEEN:

**THE MUSKRAT FALLS EMPLOYERS ASSOCIATION INC.**
("Association")

and

**RESOURCE DEVELOPMENT TRADES COUNCIL OF NEWFOUNDLAND AND LABRADOR**
("Council of Unions")

and

**UNITED BROTHERHOOD OF CARPENTERS AND JOINERS OF AMERICA AND CARPENTERS LOCAL UNION 579**
("Union")

and

**ASTALDI**
("Contractor")

## MINUTES OF SETTLEMENT

**WHEREAS** the Council of Unions filed a grievance on April 12, 2016, being Grievance #184 ("the Grievance") against the Association and the Contractor claiming the Contractor unjustly terminated David Dyson, David Pynn, Wade Reid, Anthony Lahey and Terry Power (the "Grievors").

**AND WHEREAS** the Company and the Union utilized the Canadian Joint Grievance Panel ("Panel") on June 6 and 7, 2016 to assist the parties in achieving a settlement.

**AND WHEREAS** the Council of Unions did not participate in, or endorse, the Panel process but is prepared to execute these Minutes of Settlement to give legal and binding effect for the benefit of the Union.

**AND WHEREAS** the parties agree that the matter is resolved pursuant to the terms of the herein Minutes of Settlement.

**Subject:** RE: Unions settlements

Considering the comments from Astaldi Canada's tax advisor, it would have been more appropriate to include in the settlement agreements also the below points mentioned in your e-mail, that have a tax relief. Therefore, for the future we kindly ask you to take into account the notes sent by E&Y in order to avoid future tax issues.
Anyway, the payment of 300,000 CAD to the Teamsters will be processed by the deadline, as per Site Management's request.

RM

**Subject:** RE: Unions settlements
**Importance:** High

Gentleman,

The settlements are not for lost wages but damages to each of the respective Unions identified – Teamsters and Carpenters. This is to avoid any further litigation in respect to valid claims against Astaldi brought forward by the respective Unions . The amounts specified are for the individual Unions and not individual employees or Union members. Therefore, any payroll burdens or so forth do not apply in these circumstances as the Union was the wounded party.

As discussed with Don yesterday the Teamster settlement needs to be paid forthwith or we face up to a million in damages by the 2 Nov 16.

Peter

**Subject:** FW: Unions settlements

Good morning,
with regards to the attached settlements with the respective Unions, please find below the comments provided by the tax consultant ErnstYoung.
So, in order to process the payments, it will be necessary to request the Unions the written answers to the two highlighted points.

Thanks.

RM

**De :** Josee Bennett [mailto:josee.bennett@ca.ey.com]
**Envoyé :** mercoledì 19 ottobre 2016 16:15
**À :** Bedjou Bachir <B.Bedjou@Astaldi.com>
**Objet :** RE: Contrat avec les unions

Bonjour Bachir,

It appears in both settlements that this is a lump sum payment, i.e., not specifically attributable to employee's salary/remuneration. As a general rule, in these cases there is no tax withholding nor payroll tax to be done by Astaldi on the payments to the unions.
That being said, Astaldi should ask the Union the following questions (unless Astaldi has already the information and it is in writing):

- Are these 2 payments for salary/remuneration or for other expenses? If it is remuneration; the amount may be taxable or not taxable to the employees.
- If it is remuneration to the employees, is the union issuing the T4 slip and withholding the tax (if salary is taxable) and paying the payroll tax?

Astaldi should keep documentation of the responses from the unions to demonstrate they have done their due diligence with regards to the payroll tax on these payments, especially if the answers are that this is not remuneration or if the unions are taking care of the withholding tax and slips. This is because as an employer (or ex-employer) of these employees, Astaldi has the responsibility to ensure that they do not have payroll obligations regarding payments to the employees.
Depending of the answers, it may be that Astaldi will have payroll obligations for the payments to the employees.

Let me know if you have questions on the above.

Kind regards
Josee

**Objet :** RE: Contrat avec les unions

Bonjour Bachir,

It appears in both settlements that this is a lump sum payment, i.e., not specifically attributable to employee's salary/remuneration. As a general rule, in these cases there is no tax withholding nor payroll tax to be done by Astaldi on the payments to the unions.
That being said, Astaldi should ask the Union the following questions (unless Astaldi has already the information and it is in writing):

- Are these 2 payments for salary/remuneration or for other expenses? If it is remuneration; the amount may be taxable or not taxable to the employees.
- If it is remuneration to the employees, is the union issuing the T4 slip and withholding the tax (if salary is taxable) and paying the payroll tax?

Astaldi should keep documentation of the responses from the unions to demonstrate they have done their due diligence with regards to the payroll tax on these payments, especially if the answers are that this is not remuneration or if the unions are taking care of the withholding tax and slips. This is because as an employer (or ex-employer) of these employees, Astaldi has the responsibility to ensure that they do not have payroll obligations regarding payments to the employees.
Depending of the answers, it may be that Astaldi will have payroll obligations for the payments to the employees.

Let me know if you have questions on the above.

Kind regards
Josee

## Hiscock Andrew

**From:** John Roil <johnfroil[redacted]
**Sent:** January-12-17 11:17 AM
**To:** Hiscock Andrew
**Cc:** Julianne German
**Subject:** Re: signature for grievance 164

Thank you, Andrew.

I am in St. John's today, leaving early tomorrow morning for 3 months away from NL. I am not sure of the logistics of this.

If I can find a printer and fax machine, I can accommodate this request if you give me a fax number. If not, I am not sure how best to proceed.

Can you use this e-mail as my approval/signature?

John

**Subject:** RE: Detailed invoice

Francisco;
I have previously explained to you and gave you a photocopy of the section from the Collective Agreement----that the assignment of the arbitrator is part of the Collective Agreement. It is based on availability and rotation. I cannot go and hire any arbitrator ---I must use the ones listed in Schedule C.

I will get you the emails where Nalcor asked him to work on Grievance #73 but you have to understand this is not the same as me buying a hammer at the local hardware store. The Collective Agreement is a legal document that must be followed by Astaldi.

I will ask Mr. Thistle to sign the documents.

Andrea;
It is Schedule C List of Arbitrators---we cannot deviate from this list. Additionally Article 15.10 states:
`The Contractor/Association, whichever is the case, and the Council of the Unions involved in arbitration shall pay the fees and the expenses of the arbitrator in accordance with the following:

a) In the event the arbitrator makes a determination that there is a losing party(s) the arbitrator may order the losing party(s) to pay the arbitrator`s fees and expenses.
b) In the event the arbitrator makes no order as to the payment of fees and expenses, each of the party(s) shall pay an equal share of the fees and the expenses of the arbitrator

**Attachment 3.2.2 – Contractor's Memo to Suppliers Subcontractors and Emplyees**

ASTALDI CANADA Inc.

LOWER CHURCHILL PROJECT – MUSKRAT FALLS

CH0007: CONSTRUCTION OF INTAKE AND POWER HOUSE, SPILLWAY AND TRANSITION DAMS

**MEMO**

TO: Subcontractors / Suppliers / Consultants

From: Project Management

Subject: Commission of Inquiry Respecting the Muskrat Falls Project ("Muskrat Inquiry") ---Preservation of all Information and Data in connection with the Muskrat Falls Project.

DATE: January 22, 2018

The Muskrat Falls Project is now subject to an official Commission of Inquiry launched by the Newfoundland and Labrador Government on November 20th, 2017.

In relation to the Muskrat Inquiry, Astaldi Canada Inc. and its affiliated entities (the "Astaldi Group") have been notified by the Inquiry Co-Counsel, Ms. Kate O'Brien that Astaldi Group may be subject to a Summons to Produce Documents in the near future. In that regard, the Commission has issued a "legal hold" on all Documents (as defined below) and records in the custody and controls of Astaldi Group; that may relate to the Terms of Reference of the Commission of Enquiry Respecting the Muskrat Falls Project (see attachments).

This means that all Documentation (as such term is defined below) and records must be preserved and are susceptible to be produced before the Commission of Inquiry. Therefore, neither Astaldi nor any of its officers, directors, employees, representatives, consultants or contractors (the "Astaldi Group Members") **can delete or alter** any Document or record, in whatever form, electronic or otherwise that may have been created or received in connection with the Muskrat Falls Project until further notice by the Commission or by the Astaldi Group.

More precisely, any Astaldi Group Member should suspend any disposition, destruction or processing of documents (including personnel notes and memorandum, text messages, photos, scans etc.) or records, such as backup tape, recycling, destruction of old records, or clearing of computer, hard drives or other electronic storage . All members within the Astaldi Group should be advised that all documents related to the Terms of Reference should be preserved until produced in response to the Summons to Produce Documents. The term "Document(s)" is intended to have a broad meaning , and includes the following mediums: written, electronic, text, cellular or social media messaging, metadata, audiotape, videotape, digital reproductions, photographs, films, slides, maps, graphs, microfiche and any data and information stored by means of any device.

It is important to comply with such notice since the Commission of Inquiry Respecting Muskrat Falls has legal powers, within the scope of its mandate, to compel evidence, to inspect records and to issue other legal orders in connection with the Inquiry and any person that would not comply with such order is susceptible to be condemned for contempt of court.

Thank you,

Project Management

**Re:** Commission of Inquiry Respect the Muskrat Falls Project – Request for Legal Hold
Astaldi Canada Inc., together with its affiliated entities, referred to as "Astaldi" herein

---

Dear Sir or Madam:

On November 20, 2017, Terms of Reference for a Commission of Inquiry Respecting the Muskrat Falls Project were announced and the Honourable Richard D. LeBlanc was appointed Commissioner. The undersigned has been appointed by the Commissioner as co-counsel for the Inquiry.

You are receiving this letter because we anticipate that the Commissioner will issue Summons to Produce Documents to Astaldi in the near future.

At this time, we are requesting that Astaldi place a **legal hold** on all documents and records in its custody or control that may relate in any way to the Terms of Reference of the Commission of Inquiry Respecting the Muskrat Falls Project. For your convenience, the Terms of Reference can be found at http://www.releases.gov.nl.ca/releases/2017/exec/NLG171120.pdf.

To place a legal hold the organizations should suspend normal disposition or processing of documents or records, such as backup tape recycling, destruction of old records, or clearing of computer hard drives or other electronic storage. All members within the organization should be advised that all documents related to the Terms of Reference should be preserved until produced in response to the Summons to Produce. The term "documents" is intended to have a broad meaning, and includes the following mediums: written, electronic, text, cellular or social media messaging, metadata, audiotape, videotape, digital reproductions, photographs, films, slides, maps, graphs, microfiche and any data and information stored by means of any device.

We thank you for your cooperation. If you have any questions please do not hesitate to contact the undersigned by email at: OBrienK@muskratfallsinquiry.ca or by phone at (709) 722-0637, or co-counsel Barry Learmonth, QC at BarryLearmonth@muskratfallsinquiry.ca.

Sincerely yours,

**Kate O'Brien**
**Inquiry Co-Counsel**

# REGULATION 101/17

*Commission of Inquiry Respecting the Muskrat Falls Project Order*
under the
*Public Inquiries Act, 2006*
(O.C. 2017 - 339)

*(Filed November 20, 2017)*

Under the authority of section 3 of the *Public Inquiries Act, 2006*, the Lieutenant-Governor in Council makes the following Order.

Dated at St. John's, November 20, 2017.

Ann Marie Hann
Clerk of the Executive Council

## ORDER

*Analysis*

1. Short title
2. Definitions
3. Commission of inquiry established
4. Terms of reference
5. Commission's considerations
6. Findings and recommendations
7. Conclusion or recommendations limited
8. Special expertise services
9. Final report

Short title

**1.** This Order may be cited as the *Commission of Inquiry Respecting the Muskrat Falls Project Order*.

Definitions

CIMFP Exhibit P-03122 Page 286

**2.** In this Order

(a) "government" means the government of the province;

(b) "Isolated Island Option" means the isolated island option as defined in the June 17, 2011 reference question to the Board of Commissioners of Public Utilities;

(c) "Muskrat Falls Project" means the Muskrat Falls Project, as defined in subsection 2.1(1) of the *Energy Corporation Act*; and

(d) "Nalcor" means Nalcor Energy and its subsidiaries;

Commission of inquiry established

**3.** There is established a commission of inquiry respecting the Muskrat Falls Project and the Honourable Richard D. LeBlanc is appointed as the sole member of the commission.

Terms of reference

**4.** The commission of inquiry shall inquire into

(a) the consideration by Nalcor of options to address the electricity needs of Newfoundland and Labrador's Island interconnected system customers that informed Nalcor's decision to recommend that the government sanction the Muskrat Falls Project, including whether

(i) the assumptions or forecasts on which the analysis of options was based were reasonable,

(ii) Nalcor considered and reasonably dismissed options other than the Muskrat Falls Project and the Isolated Island Option, and

(iii) Nalcor's determination that the Muskrat Falls Project was the least-cost option for the supply of power to Newfoundland and Labrador Island interconnected system over the period 2011-2067 was reasonable with the knowledge available at that time;

(b) why there are significant differences between the estimated costs of the Muskrat Falls Project at the time of sanction and the costs by Nalcor during project execution, to the time of

CIMFP Exhibit P-03122

this inquiry together with reliable estimates of the costs to the conclusion of the project including whether

(i) Nalcor's conduct in retaining and subsequently dealing with contractors and suppliers of every kind was in accordance with best practice, and, if not, whether Nalcor's supervisory oversight and conduct contributed to project cost increases and project delays,

(ii) the terms of the contractual arrangements between Nalcor and the various contractors retained in relation to the Muskrat Falls Project contributed to delays and cost overruns, and whether or not these terms provided sufficient risk transfer from Nalcor to the contractors,

(iii) the overall project management structure Nalcor developed and followed was in accordance with best practice, and whether it contributed to cost increases and project delays,

(iv) the overall procurement strategy developed by Nalcor for the project to subdivide the Muskrat Falls Project into multiple construction packages followed industry best practices, and whether or not there was fair and competent consideration of risk transfer and retention in this strategy relative to other procurement models,

(v) any risk assessments, financial or otherwise, were conducted in respect of the Muskrat Falls Project, including any assessments prepared externally and whether

(A) the assessments were conducted in accordance with best practice,

(B) Nalcor took possession of the reports, including the method by which Nalcor took possession,

(C) Nalcor took appropriate measures to mitigate the risks identified, and

(D) Nalcor made the government aware of the reports and assessments, and

CIMFP Exhibit P-03122 Page 288

(vi) the commercial arrangements Nalcor negotiated were reasonable and competently negotiated:

(c) whether the determination that the Muskrat Falls Project should be exempt from oversight by the Board of Commissioners of Public Utilities was justified and reasonable and what was the effect of this exemption, if any, on the development, costs and operation of the Muskrat Falls Project; and

(d) whether the government was fully informed and was made aware of any risks or problems anticipated with the Muskrat Falls Project, so that the government had sufficient and accurate information upon which to appropriately decide to sanction the project and whether the government employed appropriate measures to oversee the project particularly as it relates to the matters set out in paragraphs (a) to (c), focusing on governance arrangements and decision-making processes associated with the project.

Commission's considerations

**5.** The commission of inquiry, in carrying out the terms of reference referred to in section 4 shall consider

(a) participation in the inquiry by the established leadership of Indigenous people, whose settled or asserted Aboriginal or treaty rights to areas in Labrador may have been adversely affected by the Muskrat Falls Project;

(b) the need to provide consumers in the province with electricity at the lowest possible cost consistent with reliable service;

(c) the powers, duties and responsibilities of a Crown Corporation;

(d) the need to balance commercial considerations and public accountability and transparency in carrying out a large-scale publicly-funded project; and

(e) the need to balance the interests of ratepayers and the interests of taxpayers in carrying out a large-scale publicly-funded project.

CIMFP Exhibit P-03122 

Findings and recommendations

**6.** The commission of inquiry shall make findings and recommendations that it considers necessary and advisable related to section 4.

Conclusion or recommendations limited

**7.** The commission of inquiry shall not express any conclusion or recommendation regarding the civil or criminal responsibility of any person or organization.

Special expertise services

**8.** The commission of inquiry may engage the services of persons having special expertise or knowledge including those with financial, engineering and construction expertise.

Final report

**9.** The commission of inquiry shall terminate its work and deliver the final report to the Minister of Natural Resources, who shall be the minister responsible for the commission of inquiry, on or before December 31, 2019.

## Ducros Kateri

**From:** Puletti Luca
**Sent:** March-10-17 12:36 PM
**To:** Ducros Kateri
**Cc:** Tonucci Fabrizio
**Subject:** R: Outstanding invoices

Ok
Luca

**Da:** Ducros Kateri
**Inviato:** venerdì 10 marzo 2017 18:29
**A:** Puletti Luca <L.Puletti@Astaldi.com>
**Cc:** Tonucci Fabrizio <f.tonucci@Astaldi.com>
**Oggetto:** RE: Outstanding invoices

Hello again Mr. Puletti

I omitted the attached invoice in my email of yesterday.

Kindly advise,
Kateri

**From:** Ducros Kateri
**Sent:** March-09-17 10:10 AM
**To:** Puletti Luca <L.Puletti@Astaldi.com>
**Cc:** Tonucci Fabrizio <f.tonucci@Astaldi.com>
**Subject:** Outstanding invoices
**Importance:** High

Buongiorno Sig. Puletti,

Please find attached all invoices for legal services requiring your authorization to pay. Glaholt invoices 17382 and 17383 were received this week. You will note that many invoices are for services rendered in November and understandably I am receiving many requests for payment status.

Kindly advise

**Kateri Ducros**
Chef comptable – Chief accountant
**Astaldi Canada inc.**

Subject: FTI Invoices - November Services for Insurance Claim
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Tonucci Fabrizio <f.tonucci@astaldi.com>

Buongiorno Mr. Puletti,

Please see below inquiry from Neil Gaudion of FTI Consulting asking for payment status of invoices 7427786, 7424504, 7429741.

Also attached is their current invoice 7431706.

What shall I tell him?

Kateri

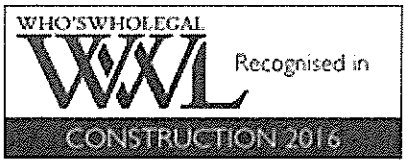
**Objet:** FTI Invoices - August / September Services
**Pièces jointes:** 432089.0016.(August 31 2016).Revised 7424504.20161031.lmanosk.pdf; 432089.0016.(September 30 2016).7427786.20161031.lmanosk.pdf

Kateri and Bachir,

Attached are invoices for our services provided with respect to Astaldi's insurance claims on the Muskrat Falls project. These invoices have been separated between services provided in Canada versus the United States as required. If you have any questions regarding these invoices, please do not hesitate to let me know.



Thanks and best regards,

Neil

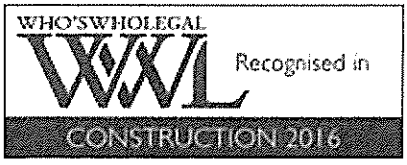
**À:** Teresa DeSousa; Ducros Kateri; Bedjou Bachir
**Cc:** Pierce, Lesa; Sallette, Taja; Gardner, Rob
**Objet:** FTI Invoices - August / September Services
**Pièces jointes:** 432089.0016.(August 31 2016).Revised 7424504.20161031.lmanosk.pdf; 432089.0016.(September 30 2016).7427786.20161031.lmanosk.pdf

Kateri and Bachir,

Attached are invoices for our services provided with respect to Astaldi's insurance claims on the Muskrat Falls project. These invoices have been separated between services provided in Canada versus the United States as required. If you have any questions regarding these invoices, please do not hesitate to let me know.



Thanks and best regards,

Neil

Subject: FTI Invoices - November Services for Insurance Claim
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Tonucci Fabrizio <f.tonucci@astaldi.com>

Buongiorno Mr. Puletti,

Please see below inquiry from Neil Gaudion of FTI Consulting asking for payment status of invoices 7427786, 7424504, 7429741.

Also attached is their current invoice 7431706.

What shall I tell him?

Kateri

To: Puletti Luca <l.puletti@astaldi.com>
Cc: Ducros Kateri <k.ducros@astaldi.com>, Duncan Glaholt <duncanglaholt@glaholt.com>

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

Subject: ILF Consultants Inc. Invoices
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Ducros Kateri <k.ducros@astaldi.com>, Duncan Glaholt <duncanglaholt@glaholt.com>

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

For Wire Transfers in Foreign Currency

- BENEFICIARY NAME:**ILF CONSULTANTS, INC.**

**Oggetto:** Outstanding invoices
**Priorità:** Alta

Buongiorno Sig. Puletti,

Please find attached all invoices for legal services requiring your authorization to pay. Glaholt invoices 17382 and 17383 were received this week. You will note that many invoices are for services rendered in November and understandably I am receiving many requests for payment status.

Kindly advise

Buongiorno Sig. Puletti,

Please find attached all invoices for legal services requiring your authorization to pay. Glaholt invoices 17382 and 17383 were received this week. You will note that many invoices are for services rendered in November and understandably I am receiving many requests for payment status.

Kindly advise

Subject: ILF Consultants Inc. Invoices
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Ducros Kateri <k.ducros@astaldi.com>, Duncan Glaholt <duncanglaholt@glaholt.com>

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

For Wire Transfers in Foreign Currency

- BENEFICIARY NAME:**ILF CONSULTANTS, INC.**

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

For Wire Transfers in Foreign Currency

Buongiorno Sig. Puletti,

Please find attached all invoices for legal services requiring your authorization to pay. Glaholt invoices 17382 and 17383 were received this week. You will note that many invoices are for services rendered in November and understandably I am receiving many requests for payment status.

Kindly advise

**Oggetto:** Glaholt LLP Accounts Re: Astaldi Canada Inc

Buongiorno Mr. Puletti,

Glaholt LLP is asking about the status of the payment of their September invoices; I have your approval for September with the exception of the invoice attached.

Kindly advise if approved, alternatively, how would you like me to respond to Glaholt regarding their inquiry as to the status of their payment?

Grazie,

Me again, there is also a September 30, 2016 account in the Iskueteu matter, further copy attached for your ease of reference.

Thank you!

AIR CANADA

# Booking Confirmation

Booking Reference: **RSIVFE**

Date of issue: Mar 16, 2017

This is your Itinerary/Receipt. You must bring it with you to the airport for check-in and we recommend you keep a copy for your records. Please also take the time to review it as it contains the general conditions of carriage and applicable tariffs that apply to the tickets, bookings and air services detailed below, as well as baggage, dangerous goods and other important information related to your trip.

## Check-in and boarding gate deadlines

Within Canada

**90** minutes — **Recommended check-in time**
You should check in no later than the times indicated at left. This will ensure you have plenty of time to check in, drop off your checked bags and pass through security.

**45** minutes[1] — **Check-in and baggage drop-off deadline**
You must have checked in, obtained your boarding pass and deposited all checked bags at the baggage drop-off counter before the end of the check-in period for your flight.

**15** minutes — **Boarding gate deadline**
You must be present at the boarding gate before it closes.

1 From Toronto City Airport (YTZ) - Check-in and baggage drop-off deadline: 20 minutes.

Subject: ILF Consultants Inc. Invoices
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Ducros Kateri <k.ducros@astaldi.com>, Duncan Glaholt <duncanglaholt@glaholt.com>

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

For Wire Transfers in Foreign Currency

Subject: ILF Consultants Inc. Invoices
To: Puletti Luca <l.puletti@astaldi.com>
Cc: Ducros Kateri <k.ducros@astaldi.com>, Duncan Glaholt <duncanglaholt@glaholt.com>

Good day Mr. Puletti and Happy New Year,

I understand that we will now be submitting ILF Consultants, Inc.'s Invoices to Astaldi for payment.

Please see attached invoices received by Glaholt LLP, listed below:

Invoice No. N289#18, for period Nov 1 to 30, 2016 (subject IA Reg 105)
Invoice No. N289#19, for period Nov 1 to 30, 2016
Invoice No. N289#20, for period Dec 1 to 18, 2016 (subject IA Reg 105)
Invoice No. N289#21, for period Dec 1 to 21, 2016

The Invoices are split due to work performed in Canada, and therefore subject to IA Reg 105 15% withholding taxes, and work performed in the US which is not subject to withholding.

Please remit funds payable to "Glaholt LLP, in Trust", and we will transmit these funds to ILF Consultants upon receipt.

Also please find attached invoices that were originally submitted to Giuseppe Mazzucco in September and October. I am assuming that payment of the September and October invoices will be made directly to ILF as they were addressed to Muskrat Falls. I understand that as of January 2 payment had not been made but may be in process. If not, ILF's wire transfer information for the September and October invoices is:

For Wire Transfers in Foreign Currency

## Check-in and boarding gate deadlines

Within Canada

**90 minutes** — **Recommended check-in time**
You should check in no later than the times indicated at left. This will ensure you have plenty of time to check in, drop off your checked bags and pass through security.

**45 minutes**[1] — **Check-in and baggage drop-off deadline**
You must have checked in, obtained your boarding pass and deposited all checked bags at the baggage drop-off counter before the end of the check-in period for your flight.

**15 minutes** — **Boarding gate deadline**
You must be present at the boarding gate before it closes.

1. From Toronto City Airport (YTZ) - Check-in and baggage drop-off deadline: 20 minutes.

**Subject:** RE: ILF Consultants Inc. Invoices

Good day,

Herewith please find attached ILF Consultants Invoices numbered N289#28 and N289#29 (subject to IA Reg 105 withholding) dated April 30, 2017, which we have reviewed and approve for payment.

Please remit funds to our trust account and we will transfer payment upon receipt,

We acknowledge receipt, with thanks, of wired funds to pay ILF's outstanding accounts. We note that Invoice N289#25 was missed, please process same for payment.

Thank you kindly,

**Teresa De Sousa**

PLEASE ATTACH SIGNED PROOF OF SERVICES RENDERED/COMPLETED,
IN ADDITION TO A SIGNED COPY OF THE ASTALDI CANADA PURCHASE ORDER, WHEN SUBMITTING INVOICE

1. DELIVERY, TIME AND MANNER, PRIME CONTRACT

Delivery of Goods shall be made at the location herein specified during regular business hours unless the parties agree to another time of delivery. Seller shall notify Buyer by telephone of the expected time of delivery as soon as such a time can be reasonably determined. All Goods and/or any container in which Goods are delivered shall be accompanied by or have affixed hereto a detailed packing list or lists. Seller acknowledges that he Goods are being ordered in connection with a construction project and other building projects (The Project ) for which Buyer is under contract (the Prime Contract ) with either private owners or governmental institutions, (hereinafter collectively referred to as the Principal ), and further acknowledges that Seller s ability to perform its other obligations with respect to the Project is therefore, a primary basis for the bargain represented by the Agreement.

In light of the foregoing facts known to Seller, Buyer shall have the option to immediately cancel this Agreement if delivery of the Goods is not made when required by Buyer (time being of the essence) and failure of timely delivery as set forth in this Agreement shall be a breach of this Agreement, regardless of the cause of such failure. Seller further agrees that Buyer may, when coordination of construction operations for the Project necessitates, require changes to the schedule for delivery of the Goods. In the event the Prime Contract is terminated for any reason other than a default by Buyer, the Agreement shall terminate and Buyer shall be relieved of any liability of duty to Seller. Seller in accepting this order, agrees to abide by all the terms and conditions contained herein or in the Prime Contract (as same may affect Buyer or Seller) including without limitation, all specifications attached hereto and set forth in the Prime Contract.

2. ACCEPTANCE OF GOODS, REVOCATION

Buyer shall have a period of ten days following the date of delivery of the Goods within which cause said Goods to be inspected and to notify Seller of an intention to reject all or any portion of the Goods for failure to said goods or their tender of delivery to conform to this Agreement. Express notice of acceptance to Seller during said ten days shall constitute acceptance of said Goods. Risk of loss and title to the Goods shall pass from Seller to Buyer only upon acceptance of the Goods. Buyer exercise of any right of inspection prior to delivery shall not affect the right of inspection following delivery, nor shall the conclusion of any inspection after delivery or the payment of all or any part of the Purchase Price be deemed acceptance of the Goods. Buyer shall have the rights to reject all or any portion of the Goods, to revoke acceptance of the Goods and to seek any remedy for breach of the Agreement notwithstanding acceptance of the Goods, as such rights may be granted by Canadian law or any other statute or granted and/or broadened by this Agreement. In the event that Buyer rejects or revokes acceptance of all or any portion of the Goods.

Buyer may in addition to rights to resale as provided by law, arrange for the return of such Goods to the point of origin of Seller s delivery, with the cost of such return to be paid by Seller to Buyer with reimbursement for the cost of storage, purchase price and taxes, if any, already paid by Buyer for such returned Goods. Payment by Seller hereunder shall be due and payable to Buyer within ten days of notice of rejection or revocation of acceptance. Notwithstanding anything therein to the contrary, if during period set forth in the Prime Contract, the Principal determines that any goods provided by Seller are non-conforming to the standards and specifications of the Prime Agreement, regardless of whether Buyer has had an opportunity to discover or should have discovered any such non-conformity or whether such Goods have been incorporated into the Project or their condition has otherwise changed to such an extent that their return to Seller is impracticable. Seller shall be in breach of this Agreement and Buyer s rights shall include such remedies and damages for breach in regard to accepted goods or in regard to rejected goods.

## PURCHASE ORDER

Order : E30013623 Date 12-09-17 Page 5

noted, this Agreement supersedes all other Agreements between the parties.

13. LEGAL FORUM

Any dispute or claim arising out of this Agreement, or from a breach of this Agreement, and which is not resolved by the terms and provisions of this Agreement, shall be submitted to judicial courts within the province of Newfoundland and Labrador. The Seller agrees to participate in, join in, and be bound by any proceeding, be it Judicial Administrative, Arbitration or other, which is directly or indirectly related to this Agreement or Project and for which Buyer demands, by written notice, which the Seller participates.

Any claims or action by the Seller must be commenced within two years of the date the cause of action accrued, but in no event later than one year after final payment to the Seller. If any claim or dispute arises relating to this Agreement, the Seller shall immediately make all of its books and reports available to Buyer for review and audit. Notwithstanding the foregoing, if Buyer is either required under the Prime Contract, or requested by Principal, to have any dispute resolved in a forum other than above, Seller agrees to the obligations contained in this paragraph with respect to such forum.

14. ASSIGNMENT

This purchase order is issued to the Seller in reliance upon his personal performance of the duties imposed by accepting same the Seller agrees not to assign this order or delegate the performance of its duties without the consent in writing of Buyer. Any such assignment of the delegation attempted without the previous written consent of Buyer shall effect at the option of Buyer, a cancellation of all Buyer obligations hereunder.

## PURCHASE ORDER

In addition to all warranties, expressed and implied, set forth in Canadian Statutes, which warranties Seller hereby makes to Buyer, Seller further warrants that the goods shall be free from defects in material and/or workmanship and that they conform to all applicable specifications, drawings, samples. All warranties and representations herein expressly made or incorporated by reference shall inure to the benefit of Buyer and its successors or assigns. In addition, Seller warrants that neither the Goods nor fact of Seller providing the Goods to the Buyer violate any statute, ordinance, Canadian or foreign patent or trademark. Seller acknowledges that the Prime Contract has been made available to Seller at Buyer s office located at 69 Elizabeth Avenue St. John s (NL) A1A 1W8.

4. ASSURANCES OF PERFORMANCE

In addition to any other assurances of performance to which Buyer may be entitled under law, Buyer, its designee and/or its Principal shall have the rights to make such inspections of the Seller s facilities and progress of work and/or otherwise make such inquiries of Seller and/or Seller s suppliers or subcontractors to assure themselves that Seller shall be in a position to perform its obligations under the Agreement. Such right of inspection and inquiry shall in no way diminish, limit or constitute a waiver of any of Seller s obligations, representations or warranties under this Agreement, nor shall said right preclude or otherwise adversely affect any other rights of inspection available to Buyer.

5. TERMINATION

Should the Seller fail to perform in strict accordance with the Prime Contract, this Agreement where or as Buyer may so direct, or should the Seller become insolvent, unable to or fail to pay its obligations as they mature, or, in any other respect, fail, in the opinion of Buyer to properly prosecute and perform any part of its works, fail to exert its best performance efforts, be involved in labor disputes, or be terminated under any other contract with Buyer, then the Seller may be deemed by Buyer to have materially breached this Agreement. In case of a breach, as indicated in any part of this Agreement or as might otherwise be determined by law, then Buyer may, at its discretion, terminate this Agreement, or any part thereof by giving written notice thereof to the Seller.

The Seller, on termination, will be deemed to have offered to Buyer an assignment of all of its subcontracts and purchase orders relating to this Project. Buyer may, at its discretion, do whatever is necessary to assure performance of any terminated work, and to take such action, if necessary in the Seller s name. Buyer may withhold from Seller any monies due or to become due under this or any other Agreement to offset the damages incurred or possibly incurred as a result from Seller's breach or threatened breach.

6. CLAIMS

Buyer may, in its discretion, and upon the written request of the Seller, offer reasonable assistance with respect to any affirmative claims by the Seller, (against a party other than Buyer) arising in connection with this Agreement provided Seller is not in default hereunder. In such event, the Seller shall pay all costs attributable thereto and shall render all assistance requested by Buyer, if any. The Seller shall be bound by the determination of the Principal, or in the event of an appeal of further action or proceeding by the determination of same, and shall be entitled only to its proportionate share of any actual net recovery less overhead and profit to Buyer and less Buyer s expenses and attorney s fees in handling said matter.

The Seller hereby waives and releases any and all claims of actions, and rights to further payment beyond the Agreement amount, except as Buyer may receive funds of extensions of time from the Principal. The Seller shall post whatever security may be required by Buyer to cover Buyer s cost and expenses, including attorney s fees, prior to and as a condition to Buyer s proceeding on the Seller s behalf.

7. MUTUALITY OF DOCUMENTS

The Seller hereby acknowledges that it has carefully reviewed and examined this Agreement with all of its attachments, and all other documents directly or indirectly relating to this Agreement including without limitation, the Prime Contract and that any and all prior ambiguities and discrepancies have previously been clarified and /or corrected. The Seller agrees that it will not make any claim or demand upon Buyer based upon or arising out of any misunderstanding or misconception on its part of the provisions and requirements of the Prime Contract or the Agreement. Any information given or statements made to the Seller by Buyer or others as to nature or characteristics of work included herein, or as to particular details relating to the Seller s work, shall not reduce the work to be performed by the Seller under this Agreement.

The Seller acknowledges that it has fully examined and analyzed all conditions that could affect the performance of price of this Agreement. In case of any ambiguity or discrepancy in this Agreement, the Seller shall promptly submit the matter to Buyer, in writing, otherwise the Seller will be held solely liable to make any change necessary to correct same. Any decision or adjustment by the Seller without written determination by Buyer shall be at the Seller s sole risk and expense.

**To:** Barreto Francisco <f.barreto@Astaldi.com>
**Cc:** Muskrat Falls Accounts Payable <mf.ap@astaldi.com>
**Subject:** Constructions Proco Inc.

Please find attached our statement of account for our legal services to November 30, 2016 in relation to the above noted matter and trust you find it to be in order.

We would again like to draw your attention to a change that the firm has made with respect to our accounts which are payable upon receipt. Interest is being charged at the rate of 1% per month (12% per annum) on the unpaid balance of our accounts commencing 30 days after the date of the invoice. This change took effect for amounts outstanding for more than 30 days in September 2016.

**Attachments:** McKelvey photocopy backup.pdf

Ciao Mauro,

Thank you for your quick response.

I agree that the photocopy expenses is rather large and therefore requested backup documentation which is attached hereto.

Kind regards,

Kateri

Dear Kateri,
The invoice is approved with comment.
We are aware that many documents has been produced in the referred proceeding step but 4,7 kCAD for photocopies seems a huge amount.
Regards
Mauro Palumbo

>
> We would again like to draw your attention to a change that the firm has made with respect to our accounts which are payable upon receipt. Interest is being charged at the rate of 1% per month (12% per annum) on the unpaid balance of our accounts commencing 30 days after the

date of the invoice. This change took effect for amounts outstanding for more than 30 days in September 2016.
