Subject: Muskrat Falls & Clerk

Good morning,

I learned this morning from a confidential source that there are big problems with the concrete that has been poured at the powerhouse. Something to do with its integrity (crumbling or collapsing?). Apparently there will be a press conference today or tomorrow. Not sure if this is what delayed Bern Coffey in dealing with re-engaging us.

Also, for those of you not following the local news, over the weekend Bern Coffey resigned from the

position of Clerk due to allegations of conflict related to his law practice (him) acting for the plaintiffs in two actions against Nalcor and Western Health Authority. You can read more about this in the local websites for CBC, VOXM & The Telegram. Haven't yet heard who will be appointed to replace him.

Paul
