James, many thanks, that will work for Gilbert tomorrow and John next Monday. Just confirm a time in both cases.

Later this evening, Sam will send through a supplemental info request list plus some thoughts on other members of the team we would like to meet – we don't expect this to be too extensive.

Plus, can you organise meetings, or availability for meetings with:

- 1) Stan as you mentioned below
- 2) Chair of the Nalcor Board
- 3) Chair of the Audit Cttee

We would like to get all of these done before COB on Weds next week. Mike

Hi Mike,

Good to hear you're eyes and ears into the data room documents!

I've confirmed Gilbert is available to meet with you Friday morning. Just waiting to hear back from John, as he's up in Churchill Falls, but I think Friday was good for him as well.

Sounds like a plan to meet with each of them in their offices at Torbay Rd. We also have the Soldiers Pond room booked for you the whole day. It's the large room next to the Turbine room where we met yesterday.

I have meetings over at Hydro Place on Friday morning, but will be back over to Torbay Rd around lunchtime.

Any questions on the documents in the data room, just let us know.

Regards,

Jim

Subject: Meetings on Friday....

Hi Jim, thanks for everything so far – its been great.

For Friday AM, we are thinking we can meet separately with Gilbert and John. Probably just Damian and myself – we could probably do that in their respective offices, so if that's at Hydro place then that's fine. Plus we may need a room at the Project Office for the balance of the team, so if you can hold one then great.

Thanks for posting all the documents, we are wading through them. Mike
