

**Astaldi Subs:**

- Doka (formwork supplier)
- Supermetal (Structural steel and miscellaneous steel supply and install)
- SWS (engineering contractor)
- AGF (supply and install reinforcing steel – later Astaldi self-installed)
- Beton Provincial (Labrador Ready Mix) – (crushing and concrete batching and deliver to work sites)
- Proco (supply and install Integrated Cover System – ICS)
- Lombardi (foundation grouting – later Astaldi self-performed)
- Specialized 'Low-heat cement' suppliers – Lafarge and Holcim from Quebec
