June 25th

Productivity Items

LR meeting list

Camera

Turn around on drawings

Buses need to be told to not show up until right time

They want charters but Dave says we need their data in order to have this happen

Brass Points moving back to where they need to be

Start and stop work going to use a whistle

Coverage schedule going to adjust to [20/10](#)

Who has the ownership of Supervision lining up with shift schedules

We can book flight charters once we know what Astaldi need (I want us out of this)

Astaldi team clearly does not understand agreement, letting Teamsters run the site

Absenteeism is an issue for Astaldi

Acknowledged that Astaldi have to hire more experienced people now in order to bring the level of quality up

Suggest the "Commercial" flag is removed as it is not commercial but general productivity or production
