---

Charles is following up with Ed to determine status and a time for the oversight committee to be briefed as well.

Subject: Fw: Update on Muskrat Falls Value (capital cost) update for media/public

I've confirmed the morning of June 25 with Ed to do the value update on Muskrat Falls (including the capital cost update).

I'm working through the materials and the key dates for briefings and hope to have the briefing dates confirmed today or tomorrow.

We need to brief the following before the public announcement. These are the tentative briefing dates:

GNL: June 19  
Our Boards : June 20-24  
GofC/Independent Engineer: June 24  
Emera: June 24  
Public announcement: 10:00 am June 25

Once this schedule is confirmed, I'll send it over to you.

Re: the GNL briefings, can you please let me know how June 19 looks? I'm assuming it will be a briefing to DNR and the Premier's Office?

Thanks  
Karen
