Julia  
Below is a paragraph from an MC. Is this it?  
PEter

*MC2012-■■■■ NR2012-■■■■ EPC2012-■■■■*

*4) The Department of Natural Resources, the Department of Finance and the Department of Justice, in consultation with Nalcor, are directed to develop options for a Muskrat Falls Project cost accountability protocol that builds upon existing accountability mechanisms (including public reporting), which would include an independent process to review costs associated with the Muskrat Falls Project to determine the reasonability of costs incurred, with such protocol to be included in the final communications plan, to be approved by Cabinet Secretariat and the Communications Branch.*

**Subject:** Minute of Council

Peter, I am seeking a Minute of Council that I would have been responsible for drafting as Deputy Clerk between the period of April 2011 to late August 2012. The MC directed the Department of Natural Resources to develop an accountability framework to consider costs of the Muskrat Falls project. This would have been issued at the same timeframe when Government exempted the Project from PUB consideration. The objective behind it was to develop a mechanism to assess the reasonableness of costs being charged to the project and thus, on to the ratepayers as would not be reviewed by PUB. This was our original concept of an oversight role moving forward. Any assistance would be appreciated.

Julia
