Hi Craig

Looks like we are having challenges connecting, so just in case we don't, I decided to send you a note to let you know that my contract with Nalcor ends this week and that we have a new Manager Internal Audit, Jackie Borden. I have briefed Jackie on Internal Audit's relationship with the Oversight Committee and on current activities. She is aware that you will be wanting to view the recently completed audits of Risk Management and Change Management and I have apprised her of the E&Y engagement. Jackie's contact info is as follows:

737-1201

Under Jackie's leadership, I am confident that Nalcor Energy Internal Audit will continue to add value to Nalcor Energy in general and to the Lower Churchill Project in particular.

Craig I just wanted to say that it has been a real pleasure working with you. I wonder sometimes if the general public has an appreciation for how this project will forever enhance our ability to be a major player in the world's energy markets. Its importance cannot be overstated. I know that with the commitment of people like yourself, our Province's future is in good hands.

I wish you continued success and hopefully our paths will cross again.

Mark
