April 14th – evening of the 14th I received a text from Ken Marshall. I did not reply to the text. I don't have the actual text – message was one related to the budget speech being a 'kick in the guts' for the Board.

April 15th – After a Caucus Mtg in the morning I shared content of text from Mr. Marshall with Premier. Later Premier did a media interview re Nalcor / budget speech that ended up as an article in the next day's paper

April 16th – Telegram Story

April 16th & 17th – I received voicemails from Ed asking me to call him.

April 17th – I spoke to the Premier who indicated he was meeting with Ed that same evening. I advised him that Ed had reached out to me. I also spoke to Min Coady and advised her as well. I did speak to Ed and reiterated that the Province was in a difficult position and encouraged him to have a frank discussion with the Premier. I was not part of the meeting that took place that Sunday evening. (I believe I spoke to Siobhan first, Ed second and Premier third)

Hansard Questions / dates

Prior to March 27th – before Easter Siobhan and I were walking out of Confederation Building when she asked me if I had a copy of Ed's employment contract. I suggested she speak to the Clerk as she might have one or know where there might be a copy on file.
