I am also going to mention this to Haynes in PS Leadership team meeting on Monday morning, and perhaps you guys have already discussed. I think it would be really good for the two of you guys to do a joint LCP team meeting at Torbay Rd early next week. Bring Generation and Transmission groups together to introduce everyone to Jim. Focus on how going down the home stretch it needs to be Generation, Transmission and even Hydro all working together. As we both know, Torbay Rd has been very divided for a while now. Time for a reset. I had a few people mention this to me today over at Torbay Rd after they saw the announcement.

That's top of my list for Monday. We're on the same page
